# H130/EC130

Airbus Helicopters

DART's variety of solutions for this model allow multi-mission operators to equip their H130/EC130 fleet with the right products. From bearpaws and cable cutters to easily-removable floats and baskets, this equipment provides the added safety you seek wherever your operations take you all while letting you maximize your missions.

# FEATURED PRODUCTS

## 1 Emergency float system with integrated liferafts

NEW & IMPROVED

Newly redesigned emergency float system for the H130 family, includes:

- 2 cylindrical floats with optional integrated 6 passenger liferafts
- Compatibility with OEM electrical inflation provisions
- Quick release fittings for easy removal
- Reduced maintenance costs with 18 month inspection intervals
- Approved for the latest aircraft gross weight

GEAR UP

## 2 Landing gear

NEW!

DART's H130 Landing Gear is a direct OEM replacement. Our design offers the flexibility to replace single components or full assemblies with full compatibility with OEM parts such as: steps, fairings and skidtubes. DART redesigned the FWD Crosstube riveted joints to offer maximum durability and eliminate periodic rivets replacement. Choose between basic OEM wearplates or full-length standard for optimal protection.

- Direct OEM replacement
- Improved FWD crosstube riveted joints
- Improved stainless steel blade/stinger
- Basic OEM wearplates or full-length standard option
- Fully compatible with OEM components
- Individual component replacement or full assembly available

TUNE UP

## 3 OEM replacement wearplates

Offer full compatibility with OEM Skidtubes at a cost saving.

- Direct OEM replacement
- Readily available
- Competitive pricing
- TCCA-PDA certified

TUNE UP

## 4 Bearpaws with wearplates

- Keeps tail high in soft terrain to prevent tail strikes
- Lightweight & durable
- Easy to install without skidtube modification
- Wearplates included

GEAR UP

## 5 PA100 PUREair system

Active Vortex Engine Protection System.

- Now certified for operations in falling & blowing snow
- 4% gain in engine power vs. legacy sand filter
- 2% gain in engine power vs IBFs
- Self cleaning, virtually maintenance-free
- Improved FOD protection
- Approved by 5 authorities to allow installation in most regions

GEAR UP

## 6 Cable cutter system

Prevent possible wire or cable strike on flight controls.

- Added safety
- Lowest acquisition cost and shortest lead time
- Industrial cutting blades with combined tensile strength of 14,000 lbs (6,350 kg)

NEW!

GEAR UP

## 7 Cargo basket

Durable and practical DART cargo basket can be easily removed.

- Self-locking handle
- Heavy duty lid doubles as a walkway for maintenance

REDUCED VNE PENALTY

GEAR UP

## 8 Tools & Ground Support Equipment

Work with DART's 3,500 maintenance tools and equipment.

- Shortest lead times
- Target to ship within 24 hrs
- OEM level quality
- Reduced acquisition cost over OEM

HUGE SAVINGS!
