Airbus Helicopters

Customize your aircraft with the best utility equipment and maximize your operations. DART's landing gear solutions with increased durability contribute to reducing your operational costs. Our emergency flotation systems and cable cutters provide the added safety you seek wherever your operations take you.

FEATURED PRODUCTS

1 Tri-bag™ emergency float system with integrated liferafts

Offers external liferafts for added safety during overwater missions and Tri-Bag™ float design for better buoyancy and safe salvage operations. Excellent aftermarket service and exchange program make DART the industry leader for emergency float systems.

- Significant weight reduction over OEM
- Cabin space savings with integrated 8 pax ETSO-2C505 liferaft
- Longer maintenance intervals
- R&O services available
- Certified to sea state 6

OPTIONS AVAILABLE:

- With or without liferafts
- Hoist guards
- Auto inflation
- Valve cover

GEAR UP

2 Bearpaws with wearplates

- Keeps tail high in soft terrain to prevent tail strikes
- Lightweight & durable
- Easy to install without skidtube modification
- Wearplates included

GEAR UP

3 Skidtubes

DART Round-I-Beam™ skidtubes are 10x stronger. Available in multiple configurations:

- Heavy duty option with full length through bolt wearplates for training and utility operations
- Float compatible for easy installation of float systems
- Standard for lightest and basic option

TUNE UP

4 OEM replacement wearplates

NEW!

Offer full compatibility with OEM Skid tubes at a cost saving.

- Direct OEM Replacement
- Full-length heavy duty STC option coming soon
- Tungsten carbide welds for additional wear protection
- Readily available
- Competitive pricing
- TCCA-PDA

TUNE UP

5 Cargo basket

Ideal for utility missions, DART cargo basket can be easily removed and includes:

- Self-locking handle
- Gas spring for easy opening
- Heavy duty lid doubles as a walkway for maintenance
- Approved for installation on either side of aircraft

GEAR UP

6 Cable cutter system

Prevents possible wire or cable strike on flight controls.

- Added safety
- Lowest acquisition cost and shortest lead time
- Includes upper, lower cutters & wiper deflector
- Industrial cutting blades with combined tensile strength of 14,000 lbs (6,350 kg)

GEAR UP

7 Tools & Ground Support Equipment

Work with DART 3,500 maintenance tools and equipment

- Shortest lead times
- Target to ship within 24 hrs
- OEM level quality
- Reduced acquisition cost over OEM
