For a chair that reflects what you do, invest in a President's chair

PRESIDENT CHAIR RANGE

There's a lot to get done in a day, so sink into something more comfortable. The Presidents Chair range offers the functionality of genuine, ergonomic chairs whilst sporting a collection of classic, executive designs to suit your modern work environment.

These chairs are engineered with multiple adjustability points to provide tailored support for your posture and position throughout the day and keep you ergonomically supported whilst you tackle the day's work. Designed for the hardworking individual, these premium chairs offer maximum comfort making them ideal for prolonged use in any boardroom, corporate office or meeting room.

With mid and hi back availabilities, the Presidents range helps promote the correct seated posture to reduce back and neck pain so you can continue doing what needs to be done well into your workday.

MCKINLEY CHAIRS

Hi Back and Mid Back

A chair that means business

The McKinley office chair incorporates the comfort and function of a genuine, ergonomic chair, with the aesthetics of an executive. Featuring PU leather upholstery, this office chair boasts custom moulded cushions to provide a more ergonomic seating surface profile.

With multiple adjustability points, the McKinley office chair is designed to suit you. Gas-lift height adjustability features and synchronised back rest and seat to tilt allows you secure a position that provides you with maximum ergonomic support.

Whilst sleek and exclusive in design, the McKinley maximises ergonomic function with availabilities as a hi or mid back chair. This gives you the option to receive targeted support to either your upper back, neck and shoulders or the natural curve of your spine respectively. Mounted on a heavy-duty, 5-star metal base, the McKinley office chair adds a new level of sophistication and tenacity to your office.

Features:

- Gas lift height adjustable
- Simultaneous back and seat tilt
- Lockable mechanism
- Anti-shock mechanism
- Lumbar support
- Tension lever
- Vertical, horizontal and rotationally adjustable arms
- Soft wheel castors
- Heavy duty 5-star metal base
- Custom moulded cushions
- PU leather

Seat height range:
425mm-505mm
Gas lift rise: 80mm
Seat width: 505mm
Seat depth: 510mm

FILMORE CHAIRS

Hi Back and Mid Back

Do more with the Filmore

This office chair incorporates the adjustability features of an ergonomic chair, including height and seat depth adjustability, simultaneous back and seat tilt and head and armrest adjustability (armrests sold separately), all whilst maintaining a classic and practical aesthetic.

Featuring effective lumbar support, the Filmore fills the gap between the lumbar spine and the seat to support the natural curve of your lower back and promote healthy back posture. Available as a hi or mid back chair, the Filmore gives you targeted support to either your upper back, neck and shoulders or the natural curve of your spine respectively.

The Filmore office chair has a mesh back for breathability and fabric-cushioned seat for additional comfort, all built on soft wheel castors ensuring easy manoeuvrability on both carpet or hard floors.
