Customer CARE

New Zealand MADE

CUSTOM Options

QUALITY Guarantee

Inspiring functional dining spaces.

Coastwood Furniture was established in 1997 by the Hill family in Greymouth, West Coast of New Zealand, solely as a chair manufacturer of only two designs.

Our furniture is carefully crafted with high quality materials and skilled labour. Locally-grown timbers such as Radiata Pine are sustainably sourced from local plantations and crafted into beautiful solid wood furniture in our factory in Greymouth. Being New Zealand made means we can provide colour, handle, and fabric options on all our ranges.

Knots, slight cracking, blemishes, small dents and minor colour variations are inherent characteristics of wood products. These irregularities do not impact the structural integrity of our products, and are not considered defects. Minor variations should be expected, and are part of the natural character and allure of wood products

Our priority is to provide professional advice by our competent sales team, coupled with premium customer service. Experience and expertise is essential to provide a service that is prompt, efficient and courteous; a service that attracts and retains delighted customers.

We make every effort to ensure that the colours represented in this brochure closely match the actual finish of our furniture through photographs and rendered images. However, due to variations in lighting, rendering software and computer monitor settings, the colours you see in this brochure may not be an exact match to the true colours of the furniture.

To ensure you are satisfied with your choice, we recommend ordering free timber samples through our website or visiting your local Harvey Norman store to view the furniture in-person.
