# Designed for a relaxing bedroom space.

Coastwood Furniture was established in 1997 by the Hill family in Greymouth, West Coast of New Zealand, solely as a chair manufacturer of only two designs.

Our furniture is carefully crafted with high quality materials and skilled labour. Locally-grown timbers such as Radiata Pine are sustainably sourced from local plantations and crafted into beautiful solid wood furniture in our factory in Greymouth. Being New Zealand made means we can provide colour, handle, and fabric options on all our ranges.

Knots, slight cracking, blemishes, small dents and minor colour variations are inherent characteristics of wood products. These irregularities do not impact the structural integrity of our products, and are not considered defects. Minor variations should be expected, and are part of the natural character and allure of wood products.

Our priority is to provide professional advice by our competent sales team, coupled with premium customer service. Experience and expertise is essential to provide a service that is prompt, efficient and courteous; a service that attracts and retains delighted customers.

# Pine colour options.

Our Radiata Pine timber is sourced from sustainable FSC certified local forests. Consistent rainfall, sufficient sunlight, and the cool climatic conditions of the West Coast region are the reasons why quality Pine flourishes here.

We make every effort to ensure that the colours represented in this brochure closely match the actual finish of our furniture through photographs and rendered images. However, due to variations in lighting, rendering software and computer monitor settings, the colours you see in this brochure may not be an exact match to the true colours of the furniture.

To ensure you are satisfied with your choice, we recommend ordering free timber samples through our website or visiting your local Coastwood stockist to view the furniture in-person.

## Keep it Coastal with Orinda.

With an easy, breezy, no-fuss feel, the Orinda collection is well-suited to the New Zealand home.

Grooved detailing adds interest to an otherwise plain design giving an impression of pier boardwalks. Slim legs and top create a light, airy feel that can make your room feel more open and works well in Scandinavian styles.
