Why choose **No More Solder?**

✔ **Termite-Proof Silicone**
for joining ant caps

✔ **Pest prevention** by sealing gaps & cracks
around tiles, windows & door frames

✔ **Inhibits mould** and mildew growth

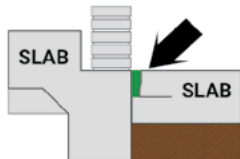

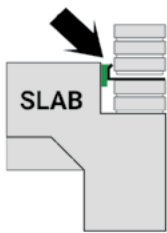

✔ **Adheres to most building materials,**
including plastics

✔ **Neutral cure**

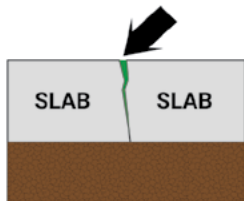

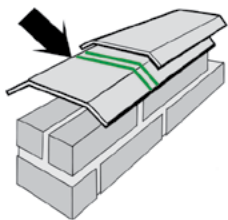

✔ **Withstands movement** to $\pm 25\%$

✔ **Working temperature** $-20\text{ }^{\circ}\text{C}$ to $+100\text{ }^{\circ}\text{C}$

✔ **Tested** to comply with ASTM C794-10

ANT CAPPINGS

The termite and other nuisance pest proofing properties of **No More Solder** make it perfect for use a range of pre-construction applications:

✓ Ant capping

✓ Control joints

✓ Construction joints

✓ Expansion joints

✓ Saw cuts

✓ Tilt slab panels

✓ Flashing

Perfect for wet areas

Not only can **No More Solder** be used for termite and pest proofing, but because it is **sanitary grade, mould resistant** and suited for internal use; it also makes an ideal general purpose sealer which is **perfect for wet area applications** such as kitchen, bathroom, laundry and other damp areas.

The bond strength of **No More Solder** has also been tested in compliance with adhesion standard ASTM C794.
