Dear Hockey,

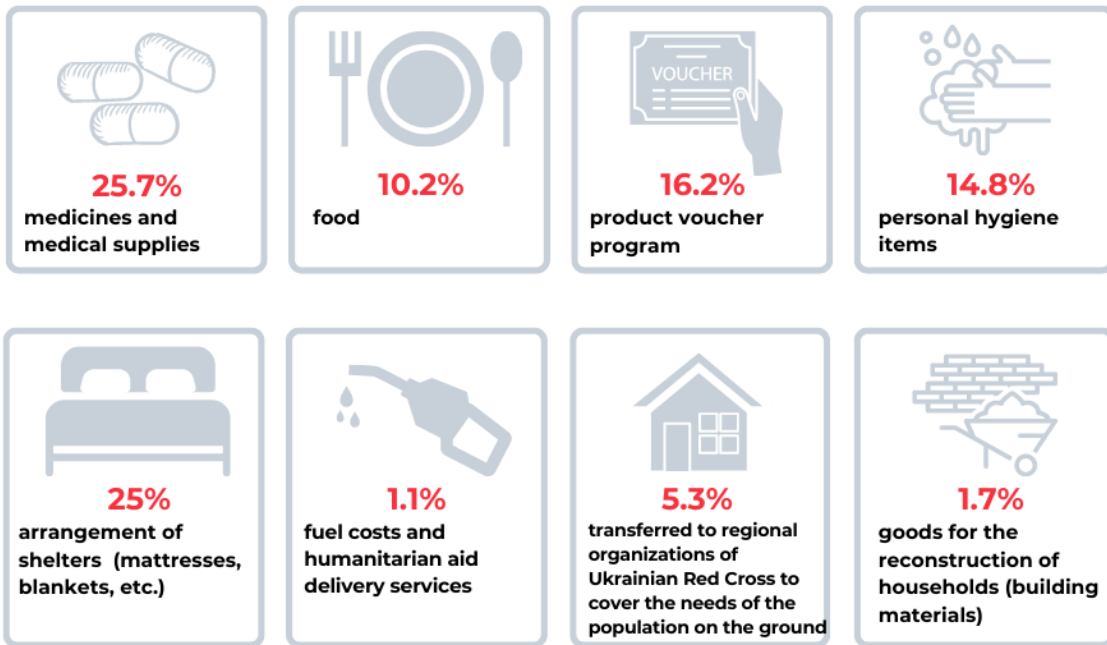

It was **111 days** ago when 40 millions of Ukrainians were woken up by heavy explosions and air attack alarms. The peaceful life of millions of families in one second was brought to a halt. That was the start of the biggest war in world history since the World War 2.

But for the Ukrainian Red Cross it was also **111 days** of hard work for Ukraine and the Ukrainian people. Since the very first day we provide aid for those impacted by this terrible situation - including food, water, medical supplies, shelter, psychological support, and mobile health services.

All that became possible thanks to your generous support! **117,743 benefactors** from all over the world have united to help those in need.

By joining our efforts, we are able to do incredible things!

This is where your donation is used:

02.06.2022

Since the beginning of the war, Ukrainian Red Cross has helped more than **4.3 million people** in Ukraine. **220,488** individuals have been moved to safety with our support.

More than **16,275 tons** of humanitarian aid were sourced and delivered to various regions of Ukraine to support the war-affected population, including the following:

- hygiene products,
- food, drinking water,
- medicines,
- clothes and shoes,
- household items for IDPs: blankets, mattresses, bed linen, towels, utensils,
- home appliances: microwave ovens, bread ovens, refrigerators, washing machines, electric generators,
- items for children: clothes, food, diapers, strollers, etc.

**This was made possible through your invaluable support!
Thank you!**

Maksym Dotsenko,
Director General,
Ukrainian Red Cross Society

Would you like to do even more to support our activities?

In this exceptional emergency situation, every little counts. **Your donation continues to be both necessary to provide what those in need require most urgently.** If you do not have the possibility to donate again today, **please talk to people you know** about the urgent need for aid: to your friends, family and colleagues. Invite them to support us, with a donation or by sharing our activities on social media, and help us to reach as many people as possible. **Every act of support matters in assisting civilian population severely affected by this war.**
