## Warnings

Do not touch the power plug with wet hands.

- Doing so may result in electric shock.

Do not use a damaged power cord or plug or a loose outlet.

- Doing so may result in fire or electric shock.

Do not plug several devices into the same outlet.

- Doing so may cause the outlet to overheat and start a fire.

Insert the power plug fully into the outlet.

- A loose or improperly inserted power plug may result in fire.

Do not bend the power cord excessively or place heavy objects on it.

- Doing so may result in fire or electric shock.

Be sure to ground the unit.

- Failing to do so may lead to electric shock when a short circuit or overload occurs. If necessary, install a ground fault circuit breaker. Never ground to a telephone line, lightning rod, or metal gas pipe. (Doing so may result in fire, electric shock, or other hazards.)

## Cautions

---

When disconnecting the power cord from an AC outlet, always grasp it by the plug.

- Pulling on the cord can damage the internal wire and may result in fire.

Always unplug the unit before cleaning.

- doing so may result in fire or electric shock.

The purpose of these precautions is to ensure user safety and prevent property damage.

Be sure to read and observe all safety precautions.
