

COMFY RIB PREMIER MAT

ANTI-FATIGUE MAT

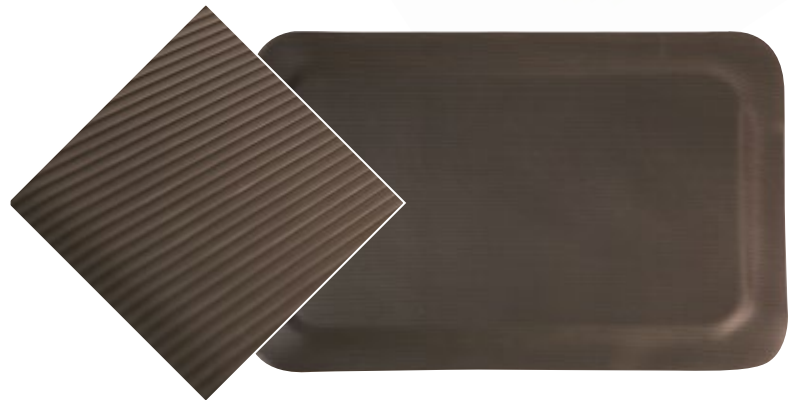

Comfy Rib Premier doubles as both an anti-fatigue mat and a legitimate insulation solution.

With a top surface of 3mm thick ribbed pure vinyl, the Comfy Rib Premier combines an ultra-tough, hard-wearing and puncture resistant surface coupled with ribbing to guard against slips. Used in dry areas that require long periods of standing in the same position, this matting reduces fatigue due to the soft sponge base.

FEATURES & BENEFITS

- Hard wearing fatigue mat
- Ribbed surface design
- Comfort mat that offers insulation
- Beveled safety edges
- Quick and easy to clean - Simply sweep or mop
- Also available in rolls
