

HEAVY DUTY KNEELING MAT

ANTI-FATIGUE MAT

The Heavy Duty Kneeling Mat is ideal for occupations that require kneeling as it reduces knee trauma and lower back stress.

This mat will not absorb liquids and has a built-in handle that makes it convenient to carry and store.

Designed for construction workers, technicians, mechanics, engineers, utility workers, manufacturers or anyone who is needed to move from place to place to carry out work.

FEATURES & BENEFITS

- Reduces knee trauma and lower back
- Non-conductive and absorbs minimal water
- Good for resting on gravel, grating, wood, high density metals/alloys, concrete and asphalt
- Cleans easily with soap and water
- Lightweight
- Built-in handle that makes it convenient to carry and store
- The removable handle insert can be used as a hand stress reliever

SPECIFICATIONS
