HIGH DEF PRINTED MAT COLOUR CHART

PLEASE READ AS THE COLOURS SHOWN IN THE CHART ARE TO BE USED AS A GUIDE ONLY:

- The **PMS colour system** is designed for printing ink on paper hence the PMS colours stated in this document are the **closest match** and are **for reference only**.
- Colour variations can occur depending on calibration of computer screens. **Some colours do not work well together**. They may work on paper, but can be hard to distinguish when printed and absorbed into textured carpet.
- If there isn't enough contrast between colours it will be difficult to differentiate when printed next to each other.
- Light background colors should be avoided due to their tendency to show dirt on the mat more than a darker or neutral tone.
