**Coverage:** Up to 10 sqm

**Dimensions:** (H) 94 mm x (W) 26 mm x (D) 31 mm

**Net weight:** 0.20 kg

**Gross weight:** 0.30 kg

**Oil Consumption:** 0.10ml – 0.20ml per hour

**Power:** 1.0 Watts

**Input Voltage:** USB – 5V

**Container capacity:** 5ml

**Standby time:** 24 hours

**Charging time:** 3.5 hours

Waste electrical products should not be disposed of with house hold waste. Separate disposal facilities exist, for your nearest facilities see [www.recycle-more.co.uk](http://www.recycle-more.co.uk)

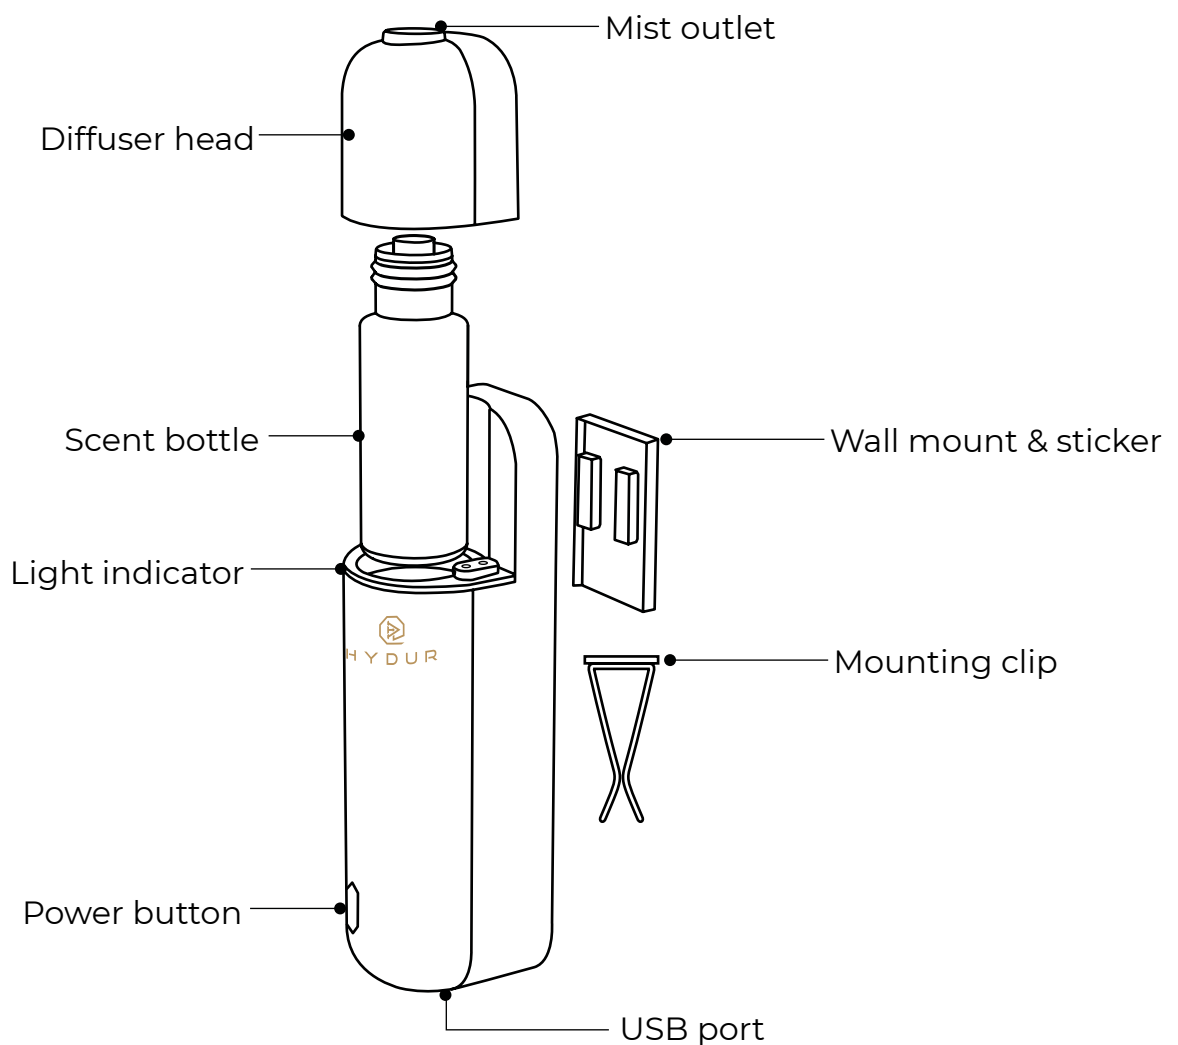

## Specification

---

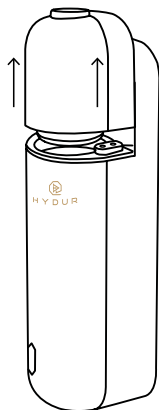

Carry it with you, mount it in your car or wall, or stand it on your desk, this versatile, lightweight diffuser is extremely silent but highly effective in scenting, using the very latest patented ultrasonic diffusing technology.

Wireless capability allows for an array of placements.

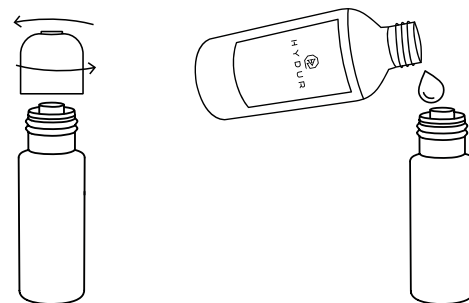

With a two-intensity diffusion setting and a subtle light indicator, this diffuser is impeccable.

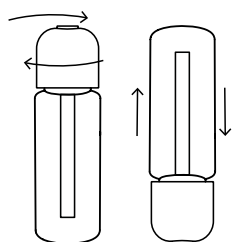

- ① When the power is off remove the diffuser head pulling it upwards.

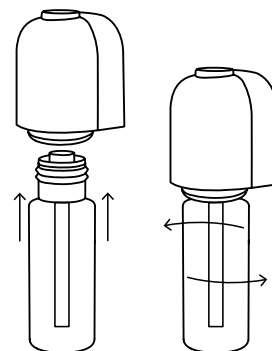

- ② Remove the cap, seal and wick on the 5ml bottle and fill with scented oil.

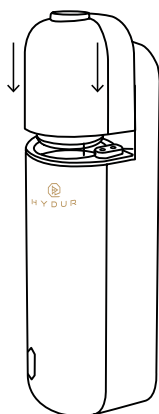

- ③ Place the silicon seal and immerse wick back into the oil, allowing a few seconds for the wick to absorb the oil fully.

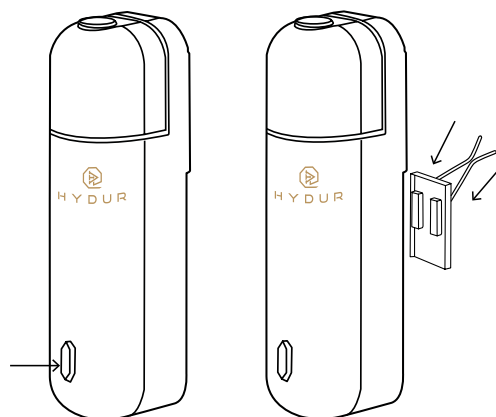

- ④ Screw the bottle to the diffuser head tightly.

- ⑤ Place the diffuser head back in to the diffuser, it will magnetically fit into place.

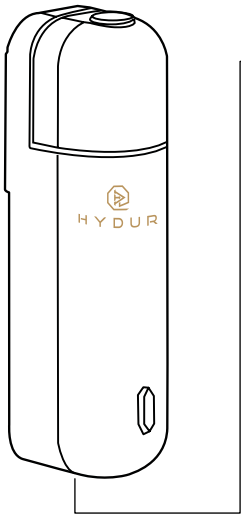

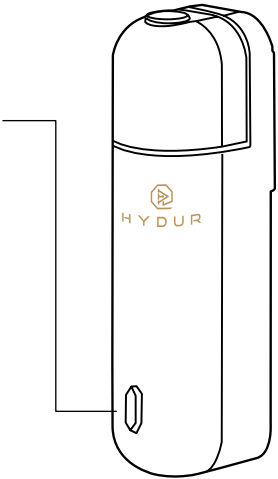

- ⑥ Press the power button ON to operate the diffuser. To mount, use the sticker or the clip to attach to the car vent.

Directions

1. Long press power button for 2 seconds to turn ON/OFF the diffuser.
2. Continuous press to change the scent intensity level.
3. After two hours , the diffuser will automatically shut off.

Button

Charging

1. Use the USB cable provided to charge your diffuser.
2. When the diffuser is OFF while in charging state it will illuminate a red light.
3. When the diffuser is operating and being charged, no light indicator is displayed.
4. When the diffuser is operating and being charged it will continue diffusing.

Battery

It takes approximately 3.5 hours for the diffuser to be fully charged (recommended) and will last approximately 24 hours in standby mode.

Intensity level Color Indicator	Length of diffusion (in seconds)	Interval between diffusion (in minutes)
Purple	5	10
Blue	5	5

## Warning

---

Please read and follow all instructions

- After installation, please mount to the wall or car do not tilt or angle as this will cause oil leakage and may damage the machine
- Turn the diffuser off before adding any new oil
- For your safety and quality assurance, we strongly advise do not disassemble or repair the machine as this will void the warranty and will damage the machine
- Only use Hydur purchased scenting oil. Any other oil may cause blockage and will void the warranty and could damage the machine
- Only use the USB cable supplied with the device
- Do not overfill, keep the oil level below the neck of the bottle
- The machine contains lithium batteries. Treat with care. Never leave unattended. Never expose to high heat

- If there is a spill due to tipping over or tilting, do not allow it to come comes in contact with the internal outlet or charging port as it can result in malfunction or may lead to shock or injury
- Please do not use the diffuser, if there is no scenting oil in the bottle

## Care/Storage

---

For your safety, regularly perform care and maintenance for your scent diffuser,

- If scenting oil comes into contact with the outer cover or inner cover, or the cover becomes dirty, wipe it off with a clean cloth soaked with warm water and wipe with a dry cloth
- Using the diffuser without regular cleaning may result in mineral build up resulting in degraded performance

## Storage

---

- Do not store this product in a location subject to high temperature or humidity
- Before using this product after a period of storage, clean the interior with a dry cloth to remove any dust particles

It is recommended to perform the following procedure to clean your diffuser to prevent clogging, and ensure product quality and performance. We advise run once a month with Isopropyl alcohol for 15 mins

## Cleaning Steps

---

- Always turn the diffuser off and unplug the device during maintenance
- Unscrew the bottle and replace the scenting oil with Isopropyl Alcohol
- Screw the bottle into the Diffuser and let it run for 10-15 mins
- After running your cleaning cycle, replace the Isopropyl Alcohol with scenting oil
