30TH
ETERNAL
ANNIVERSARY

A COLLECTION BORN TO LEAVE
ITS MARK, A COLLECTION
CREATED TO BE...

We are proud to announce after a long road of wonderful adventures, we are celebrating our 30th anniversary!

Jeffrey Court was founded with a clear goal: to bring cutting-edge products made with passion and innovative design to your spaces. The formula for our lasting legacy and current industry leadership is based on three solid principles that have guided us throughout the years.

Timeless and fashion-forward design.

Constantly pushing the envelope, we carefully design new and unique products that are designed to enhance living spaces with the warmth, love and laughter that families and friends love to be a part of.

Quality you can count on.

Timeless designs are the cornerstone of Jeffrey Court, and lasting designs require lasting products. We work with the best suppliers across the world who allow us to bring you the best in natural stone, ceramic and glass products.

Constant product improvement.

Throughout our 30 years of experience, we have worked to bring you only the best quality products. Our team is continuously researching and testing our products and are always striving for new ways to create eternal impressions.

OUR INSPIRATION

“IF YOU WANT TO GET THERE FAST, WALK ALONE. IF YOU WANT TO GO FAR, WALK IN A GROUP.”

CELEBRATING EACH MILESTONE OF OUR 30 YEAR HISTORY

At Jeffrey Court, we want to highlight each of the milestones in our history as key moments that have allowed us to achieve longevity in our industry. Every step whether big or small has played an essential role in our journey and has allowed us to become the premiere decorative tile brand of choice for our partners and customers.

As we celebrate our 30th anniversary, we are focusing on seven of our most impactful moments that have played a key role in our growth and development. To honor these milestones, this collection is made up of seven mini collections, each paying homage to key milestones throughout our history and celebrating Jeffrey Court moments in our customers' homes.

30TH ANNIVERSARY COLLECTION

Fête

Page 8

1991

An acknowledgement that not all celebrations have to be a formal affair, Fête marks Jeffrey Court's establishment in 1991. Built around a cream colorway, the designs found in Fête focus on straight lines and geometries.

Garden Party

Page 14

1998

Centered around enchanted green hues, and playful and whimsical designs, Garden Party celebrates our growth as we began working with international suppliers to bring a variety of designs and materials to market.

Matinee

Page 20

2000

Matinee focuses on our dramatic growth as we multiplied our catalog and expanded our design focus. Dazzling colors accented by an array of blue shades and one-of-a-kind mosaic designs are at the core of this collection.

Debutante

Page 28

2003

Marks Jeffrey Court's national debut as we officially began offering our products across the entire U.S. Debutante celebrates this with dominant pink shades, curves and rounded shapes while employing youthful, modern, and feminine themes.

Derby

Page 36

2005

Commemorates the founding of Jeffrey Court's current corporate headquarters as we solidified our role as a key player in decorative wall tile. The materials are the champions of this mini collection. Textured brown marbles and dramatic brown veining stand out with geometric prints.

Masquerade Ball

Page 42

2016

Honoring the importance of our 25th anniversary, Masquerade Ball takes on a modern classic look. White marbles accented with vivid veining in lilac hues are intensified with distinctive designs.

Black Tie

Page 48

2021

As we celebrate our 30th anniversary and set our eyes on the future, Black Tie centers around high contrast black and white designs. From classic marble with subtle veining to more dramatic stones, this is a true representation of elegance and sophistication.

Please Note:
All product shots are artistic interpretations of actual product. Due to the nature of the printing process, we recommend obtaining physical samples of product for actual color representation.
Chapter 8 Europa Arte was designed to have shade variation and character associated with handmade products. Care should be taken to blend product from multiple cartons and product should be laid out prior to installation to ensure a proper, uniform look. A high-quality white thinset should also be used during installation. Please visit JeffreyCourt.com for additional installation and application details.

ALIGN®

A COLLECTION BY JEFFREY COURT

T H E
I N S P I R A T I O N

“THE LINE HAS ALMOST BECOME A
WORK OF ART IN ITSELF.

- T H E O V A N D O E S B U R G

At the heart of all design lies its most important element: the line. Every shape and design always begins with a line, whether it's sleek and straight or intricate and curved. Chapter 11: Align® is our tribute to the line and features minimalistic patterns and geometric shapes. A neutral color palette of limestones gives this collection a calm and serene feel and includes 3 shades: Pale, Shadow, and Suede.

The natural stone mosaics feature geometric patterns created through the creative placement of lines. Decorative hand-drawn field tiles enhance the artistry of the collection.

Pale

Herringbone Styx (11903)

Please Note:

All product shots are artistic interpretations of actual product. Due to the nature of the printing process, we recommend obtaining physical samples of product for actual color representation.

Chapter 11 products have moderate shade variation. We strongly recommend laying out and blending the tiles prior to installation. This step will ensure a proper color blend in order to achieve a classic look for your installation. Jeffrey Court recommends a high-quality white thinset for best installation results. A grey mortar, mastic or adhesive could stain or alter the color of the product.

CHAPTER TWELVE

ASHLAND & HALSTED™

A COLLECTION BY JEFFREY COURT

T H E

“CREATIVITY IS PIERCING THE
MUNDANE TO FIND THE MARVELOUS.

- B I L L M O Y E R S

Chapter 12 Ashland & Halsted® is an absolute work of passion. For years we have been brainstorming on what “Industrial Chic” means and how it can be translated into tile. Drawing on inspiration from the heyday of American industry, we focused on what we felt were elements that best represented that era: strength, craftsmanship, and pride. It soon became apparent that the acclaimed Central Manufacturing District of Chicago was the culmination of this piece of Americana.

The name Ashland and Halsted are two streets running parallel to each other that tape off the 35th Street and Pershing Road corridor, that industry titans from the early 1900’s once called home.

Please Note:

All product shots are artistic interpretations of actual product. Due to the nature of the printing process, we recommend obtaining physical samples of product for actual color representation.

Chapter 12 Ashland & Halsted was designed to have shade variation reflective of antiqued materials. As such, these products should be treated as a combination of natural stone & handcrafted ceramic with a shade variation value of 3 or greater. We strongly recommend laying out and blending the tiles from multiple cartons prior to installation. This step will ensure a proper color blend in order to achieve a classic look.

Jeffrey Court highly recommends sealing all "Cast Iron" mosaics, field tiles, and liners with a high quality sealer prior to grouting to ensure an easy cleaning and as part of a maintenance regimen. Consult your sealer manufacturer for reapplication recommendations as part of an ongoing maintenance routine.

Please Note:

All product shots are artistic interpretations of actual product. Due to the nature of the printing process, we recommend obtaining physical samples of product for actual color representation.

To achieve your desired look, Jeffrey Court recommends that you inspect and confirm the tile and layout prior to installation. Installation of tile constitutes acceptance.

For natural stone collections, it is highly recommended to blend products from multiple cartons to ensure a proper uniform look. All issues pertaining to shade variation should be addressed prior to installation.

A natural look penetrating sealer is recommended and should be used before and after grouting. Sealing before grouting will ease the cleaning process and will reduce the possibility of staining from colored grouts. Sealing after grouting will ensure that both the grout and natural stone are protected from daily use. It is recommended that the sealer manufacturer's recommended maintenance regimen be followed as part of an ongoing care during the lifetime of the product.

CHAPTER EIGHTEEN

ROTUNDA®

A COLLECTION BY JEFFREY COURT

THE
INSPIRATION

“WE SHAPE OUR BUILDINGS;
THEREAFTER, THEY SHAPE US.”

- WINSTON CHURCHILL

Chapter 18 Rotunda® is our take on neoclassical design. By utilizing high-quality natural stones synonymous with the architecture found in state capitals and national monuments throughout the United States we have created unique yet timeless pieces. Symmetrical shapes, geometric patterns, and orderly style are elements found throughout this chapter.

The catalyst behind Rotunda's influence is best characterized by its clean and crisp color palette. Calacatta Gold, Nero Marquina, Dolomite and

Tunisian Grey dominate the collection. These beautiful stones are the epitome of everlasting classics. The striking veining found in each of these stones is the focus element and brings color and movement into the materials. Additionally, you'll find distinct mosaics that combine marble with the durability of porcelain to create one-of-a-kind pieces.

Please Note:

All product shots are artistic interpretations of actual product. Due to the nature of the printing process, we recommend obtaining physical samples of product for actual color representation.

Chapter 18 products have moderate shade variation. We strongly recommend laying out and blending the tiles prior to installation. This step will ensure a proper color blend in order to achieve a classic look for your installation. Jeffrey Court recommends a high-quality white thinset for best installation results. A grey mortar, mastic or adhesive could stain or alter the color of the product.

ATLAS

A COLLECTION BY JEFFREY COURT

T H E
I N S P I R A T I O N

“THE WORLD IS FULL OF
MAGIC THINGS.

- W . B . Y E A T S

Chapter 17 Atlas is a handmade ceramic line featuring an old-world crackle glaze. Impossible to effectively create in large mechanized factories, each artisanal tile is carefully crafted to feature slight variations in color, shade, hue, and size. When these effects are blended and installed, the true beauty and elegance of this hand-crafted tile comes to light.

The simple, four-color palette makes designing with Chapter 17 easy. The colors include: an elegant muted white called Cobblestone, a stunning beige cream called Sand Bar, an incredible grey we call Riverwash, and Spanish Moss, which is a beautiful soft green. Create beautiful installations with each distinct color or combine them to create a unique look.

PARK PLACE®

A COLLECTION BY JEFFREY COURT

THE
INSPIRATION

“ELEGANCE IS THE ONLY BEAUTY
THAT NEVER FADES.

- AUDREY HEPBURN

Chapter 16 Park Place transports us back to the Roaring Twenties in one of the world's most renowned cities. Our creativity and imagination were set in a New York state of mind. A place well known on the global stage for being glamorous, and design and fashion-forward where Art Deco architecture and flapper culture dominated.

The clean elegant lines and simple color schemes found throughout the collection are in step with modern Empire State design trends that are timeless

and elegant. The delicate polished stonework found in each mosaic is sophisticated and reminiscent of opulence found during the roaring twenties throughout the city. This combination creates the perfect mix of sophistication and glamour.
