Luxury and art deco are synonym with this Brubeck wall sconce lighting design. Inspired by the timeless musical instrument that is the pipe organ and one of the foremost exponents of jazz, Dave Brubeck, this luxurious wall sconce is a statement piece on its own. With 13 pounds, Brubeck is composed by a series of handmade brass tubes that are all welded together by hand.

For a finishing touch, it boasts a very art deco gold-plated finish. Only 4 G9 bulbs are needed for this modern wall sconce to light up your home, making it the perfect candidate for a maximalist dining room, or even an entryway decor project.
