### Multi-voltage ⚡

This product family offers multi-voltage drivers (120/277/347) that are dimmable using 0-10V dimming systems. Please note that longer lead times may apply for this option. Kindly reach out to your DALI representative for additional information and to confirm availability.

### Note

Other color temperatures, finishes, and voltage options are available but may require minimum order quantities (MOQs) and longer lead times. Please contact your DALI representative for more information.
