Finishing Options

We work with the finest materials and suppliers available, allowing us to guarantee a high-quality product. We always seek to innovate in forms and processes without losing the essence of our artisanal techniques. Below you can view all the finishes available for your lighting product. There are **7 natural veneer finishes** and **5 paint-over wood finishes** that you can choose from!

Metal finishing options

All products have a standard metal finish that will be described below the item number. You can also choose another finish from the list below.
