

JIM bell, cone and cylinder, Design by Patrick Norguet

Model JIM cone

Immediate function, uncomplicated style, durable materials, modular at will. Inspired by the abat-jours of the ateliers of the early 1900s, JIM is a system of suspension lamps with distinctive shapes and a versatile composition that suits any interiors and living environment. JIM's versatility is further enhanced by the colour range: the four different finishes for the shades can be combined with the different suspension hook hues as desired.

JIM cone	Light source	Outside diffuser: Metal	Inside diffuser: Metal	Hook : Methacrylate	Code
