QUASAR

DESIGNER : SAMY RIO

YEAR : 2022

ORIGIN : CHINA
2 YEARS WARRANTY

MATERIAL : ALUMINIUM, PMMA, PC,
POLYESTER

A contraction of 'quasi-stellar', the Quasar portable lamp lights up your world with its three different hues (warm, neutral, and cold white). In scientific terminology, a Quasar is a star-like body that is considered to be the brightest of all. Its circular appearance and its light properties inspired Samy Rio and Petite Friture as they worked on their first wireless lamp.

Quasar is a cordless lamp with a sleek, fun style. Built using LED technology. Equipped with a dimmer that can be set to three different intensities.
