

Project:

Systema Staccato Linear Pendant Spec Sheet

SKU: 1785.14

Lightly scaled geometric elements form expansive intersecting or linear constructions of modern minimalism in a variety of configurations with a range of available luminaires. Crisp rectilinear bars support minimal tubular elements with luminous trims, extensions, or shaded reflectors for general and directed lighting functionality. Systema Staccato Linear Pendants are available in multiple sizes and are easy to customize with cone, pan, or drum shades. The Systema Staccato Linear Pendant includes Drum Trims. If you are not using a configuration with shades, you can select [alternate trims](#), which can be ordered separately.
