

Pina Pro

The lamp that took over New York and the world, the Pina Pro is our most popular cordless lamp. With brilliant light output large enough for a 5ft diameter table from the tiny cone-shaped head, Pina seems like a magic candle. Features touch-dimming control and 3-CCT color temperature selection for 2200K (candle light), 2700K (warm white) and 3000K (cool white). The integrated LED module is designed and engineered to produce controlled downlight.
