

Robert Floor Lamp

LT1061 | 1.0

GENERATION LIGHTING

Portable
GENERAL PRODUCT INFORMATION:

This product is safety listed for dry locations only.

This instruction shows a typical installation.

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

IA

- 1** Screw the column onto the socket assembly.
- 2** Insert the column's pipe through the base and loader, then secure them together using the washers and hex nut as shown. **Make sure the logo plate is facing the shade.**
- 3** Screw the knob into the fixture.
- 4** Screw the lamp into the socket. Refer to the label on the lamp socket for Max Wattage information.
