

Cloche Table Lamp

Danilo De Rossi, 2013

The Cloche Collection was designed by Danilo De Rossi in 2013 using a clever, two-tone glass layering technique that transforms the Cloche's simple form into a complex and dynamic lighting statement. Cloche is composed of a clear glass exterior (with either a copper or chrome coating) around an inner cylinder of frosted glass. This beautiful layering creates a two-tone effect that changes as the light is turned on or off.
