

_Teodato

Design Sylcom LAB

— Una nuova formula di bellezza classica che esalta la luce inglobandola nelle nobili forme del vetro. Linee semplici e sinuose ridefiniscono le sagome tradizionali per proporre un lampadario al tempo stesso elegante e moderno. Le componenti, interamente realizzate in vetro soffiato e proposte in numerose varianti cromatiche, presentano una superficie liscia che enfatizza i giochi di trasparenza e gli effetti vibranti della luce. La gamma si completa con una versione più raffinata che arricchisce le linee di Teodato con l'integrazione degli elementi decorativi a pastorale.

— A new formulation of classic beauty that enhances and incorporates the light into stylish glass configurations. Teodato offers an essential, sinuous design that redefines traditional outlines in order to create a chandelier whose style is both elegant and modern. The components - entirely made of blown glass in a wide range of tones - feature a smooth surface that emphasizes transparencies and vibrant light effects. The Teodoro range includes an extra-refined version whose contours are enhanced with curvilinear pastorale decorative elements.
