

Cima,
Design by Marco Dessí

Model Cima

Inspired by the function of the jam cleats found in sailing boats, Cima —a nautical rope in Italian— is a “suspended” lamp characterised by a ceiling-to-floor rope, a sleek and highly functional design element. A joint that holds the lamp body slides vertically along the rope, while the counterweight allows to manage any excess rope. The simple cylindrical shapes and the black colour of these elements highlight the three brilliant finishes of the rope, vibrant accents to suit any interiors and décor mood.
