- Sticky tape & Sissors
- Wrapping paper or boxes
- 9 Christmas themed treats (Gingerbread men, candy canes etc)
- A gift for each child

HOW TO PLAY

Step 1

Wrap up the Christmas themed treats. Write out your clues, cut and stick them to the wrapped treats. The second clue is stuck to the first treat and the third clue is stuck to the second treat etc

The final clue should lead to the Christmas tree, where there is a gift for each child.

Step 2

Gather the children, explain to them that the Elves have left some treats for them around the house. They must find them with the clues.

Step 3

Give the children the first clue. They now have to work out where the second clue is and so on. The mission is to find all the treats, which finally leads to the Christmas tree, where there is a gift for every child.
