

Tahoe Direct-Vent Fireplaces Deluxe, Premium, Luxury, and Multisided

Tahoe Direct-Vent Luxury Fireplace (DVX36FP) with Banded Brick Liner installed in a Custom Mantel, with Custom Marble Surround, Matte Black Arch Louvers and Matte Black Extruded Aluminum Frame.

Deluxe Models

Deluxe Models

- 18,000 Btu, 32-inch, 5-piece Log Set
- 25,000 Btu, 42-inch, 7-piece Log Set
- 20,000 Btu, 36-inch, 5-piece Log Set
- 28,000 Btu, 48-inch, 7-piece Log Set

Deluxe models feature our Contour tube-style burner, designed to complement the hand-painted ceramic fiber log set, and produce a natural dancing flame.

Choose a conventional Deluxe Tahoe model – with louvers and available trim kits. The Deluxe model features large heat-resistant, tempered glass windows that provide an unobstructed view to the log set. Optional liner offerings available are Aged Brick, Herringbone, Stacked Limestone, and Black Reflective.

DVD models require just 16 inches of depth and use 4 x 6-5/8 venting, making it ideal for applications where wall-cavity space is tight. Conventional Deluxe fireplaces may be installed in the wall or in a cabinet or corner mantel. Tile or other non-combustible material may be used to conceal the outer edge of the fireplace to provide a true built-in appearance.

The Deluxe model is offered in Millivolt and Intermittent Pilot.

Tahoe Deluxe 36 Direct-Vent Fireplace (DVD36FP) with Black Arch Louvers and Outer Frame in a Custom Cabinet.

Premium Series

Tahoe Premium Models

- 25,000 Btu Nat, 36-inch, 4-piece Log Set, 4 x 6 5/8 Venting
- 27,000 Btu LP, 36-inch, 4-piece Log Set, 4 x 6 5/8 Venting (Top-Vent Only)
- 28,000 Btu, 42-inch, 4-piece Log Set, 5 x 8 Venting
- 30,000 Btu, 48-inch, 4-piece Log Set, 5 x 8 Venting

The Premium Tahoe includes a tempered glass view window and a four-piece log set, mounted atop our legendary Slope Glaze Burner for a rich flame pattern within a taller, deeper log stack that complements the deeper fireplace (20 inches).

Liner options for Premium Models include: Aged Brick, Herringbone, Stacked Limestone, and Black Reflective.

Premium Tahoe models are available in Millivolt, Intermittent Pilot, and Multi-Function Remote Control.

Tahoe Premium 36 Direct-Vent Fireplace (DVP36FP) with White Corner Mantel shown with Optional Aged Brick Liner, Black Outer Frame, Black Slat Louvers, and Bottom Trim.

Luxury Series

Tahoe Luxury Models

- 35,000 Btu Nat, 36-inch, 13-piece Log Set, 4 x 6 5/8 Venting (Top-Vent Only)
- 30,000 Btu LP, 36-inch, 13-piece Log Set, 4 x 6 5/8 Venting (Top-Vent Only)
- 37,000 Btu Nat, 42-inch, 13-piece Log Set, 5 x 8 Venting (Top-Vent Only)
- 35,000 Btu LP, 42-inch, 13-piece Log Set, 5 x 8 Venting (Top-Vent Only)

Tahoe Luxury models feature ceramic glass (for better heat transfer), a dimmer-controlled accent lamp inside the fireplace, automatic blower, and an intricately detailed 13-piece log set.

The larger Slope Glaze Excess Burner provides a fuller ember bed and generates more heat than a comparably sized Premium model.

Liner options for Luxury Models include: Banded Brick, Stacked Limestone, and Black Reflective.

Luxury models are offered in Millivolt, Intermittent Pilot, and Multi-Function remote.

Tahoe Luxury 42 Direct-Vent Fireplace (DVX42FP) with Banded Brick Liner, Custom Mantelshelf and Slate Tile Surround.

Multisided Series

Tahoe Direct-Vent Multisided Fireplace Systems

Heater Rated at 35,000 Btu input, the Tahoe direct-vent system draws in outdoor air to support combustion and sends its exhaust directly outdoors, and must be located in a position that allows venting through an exterior wall or through the roof. Multisided Tahoe fireplaces install using readily available 4 x 6 5/8 direct-vent pipe.

Tahoe systems include a built-in 24-inch Slope Glaze Vista Burner, large tempered-glass viewing windows, Banded Brick Liner, ceramic fiber floor liner, dimmer controlled lighting, and glowing embers. The 24-inch Rock Creek Log Set and barrier screens must be ordered to complete the fireplace. (Doors are not available for multisided fireplaces.)

The Tahoe Premium 36 Peninsula Direct-Vent Fireplace (DVP36PP) includes the 35,000 Btu Slope Glaze Vista Burner (for use with Rock Creek refractory log set only), large tempered glass view windows, and Banded Brick Liner shown in Custom Mantel. Fireplace also available in See-Through models with two open sides.

Rugged looking refractory logs give the Rock Creek Log Set a rustic look on a grand scale.

Accessories

Accessories

Your Direct-Vent Fireplace requires a barrier to protect against touching the hot glass. Choose a simple Barrier Screen for an ultra-clean look or opt for the Door Frame with Barrier Screen plus Hinges to accept an operable door set. Screens, Frames, and Doors are available in Matte Black only.

Please note: a Barrier Screen is already included in the Deluxe Clean-Face models.

See-Through

Warranty for All Models

10-year limited warranty on combustion chamber; limited lifetime on glass.
All other parts carry a 3-year limited warranty.
All Remote Controls carry a 1-year limited warranty.

All direct-vent fireplaces manufactured after January 1, 2015, must be installed with a barrier screen to prevent accidental contact with hot glass. Depending on the fireplace model, the barrier screens are available separately or incorporated into decorative fronts. See owner's manual for details.

Refer to your Owner's Manual for complete installation and safety information.

Gas Inlet for All Models
