TABLE OF CONTENTS

Dimplex is the feeling you get when you hit the snooze button and stay under the covers a few minutes longer. It's the comfort found in the moments that matter, like when the kids are down and your feet go up. Our products are the gathering place and focal point that rooms are built around. So whether it's a living room or hotel lobby, bathroom retreat or spa, we can help you design the right comfort solution to create those perfect moments.

We are leaders in design and innovation, continually challenging the status quo on a global scale to create products for the discriminating buyer. Our dozens of patented technologies translate to fireplaces that dazzle the senses and heaters that make spaces more efficient and comfortable no matter what the need.

Whether a residential or commercial space, we design fireplaces that make a style statement. You will appreciate the energy efficiency and treading a little lighter with your eco-footprint, but at the end of the day it's the deep breath that comes naturally when you relax in front of a fireplace.

IgniteXL® Bold

Coming March 2021

Design to impress with the IgniteXL® Bold Linear Electric Fireplace. This modern, built-in fireplace creates the illusion of incredible depth, while advanced controls maximize enjoyment and allow you to add your own personalized touch. Design with a range of industry-leading options or make a bold statement and connect multiple units together for a grand, modern masterpiece.

IgniteXL® Bold

Robust Color Flame

Vivid flames featuring a new multi-layered, depth enhancing color effect that can be controlled independently or combined in one of five presets

Bigger, Better Viewing

Elevate fireplace enjoyment with an impressive 16" (40.6 cm) high viewing area

Customizable Installation

Enjoy true design versatility with your choice of four installation options

Multi-Fire® SL

Coming March 2021

With an incredibly slim 3-3/4" depth, the Slim Linear lets builders, designers, property managers and homeowners incorporate a stylish, linear fireplace into smaller spaces, like condos and townhouses, without compromising floor space. The Slim Linear electric fireplace sits flush into 2" x 4" framing - a game-changing and industry-exclusive feature.

Multi-Fire® SL

Slim Design

A slim design installs flush into a 2x4 wall or can be wall mounted (included) for a slender, seamless look

Full Viewing Area

A small size doesn't mean sacrifice. This smart design delivers an impressive viewing height of 14"

Customizable Flame

The Multi-Fire technology allows you to adjust the speed of the flame to create the perfect atmosphere to suit your mood or room

Opti-V™

Opti-V™ Duet uses unprecedented technology to render flames and sparks for a virtual fireplace experience like no other. The unique design combines ultra realistic flickering flames with three dimensional LED logs that sporadically spark and crackle! The perfect blend of magic and realism - Opti-V™ is the most unbelievable flame effect yet.

Opti-V™

Opti-V™ Flame Effect

High definition video and a patented three-dimensional illusion creates dazzling flames that flicker between the logs

Heat-free Operation

Designed with the sole purpose of providing a stunning visual flame feature

Sight and Sound Remote

Turn on the flames and crackling sound effects at the touch of a button

Revillusion®

Revillusion® is a completely new way of looking at fireplaces, and elevates the standard for electric. Using patented ThruView™ technology, Revillusion lets you look through the lifelike flames to the full depth of the brick interior - a first of its kind among electric fireplaces. The technology is impressive and the ambiance serene. Enjoy the look of a fireplace cut straight from the pages of a magazine with Revillusion, clearly a better fireplace.

Dimplex®

Revillusion®

Revillusion® Flame Technology

Flames are large, bright and more random, appearing from within the logs

ThruView™ Full-depth Design

See clear through the flames to the back of the firebox for a more authentic experience

Ambient Light Sensor

Automatically adjusts firebox light to suit the room day to night

Opti-myst®

Enjoy a lifelike flame and smoke effect created by revolutionary ultrasonic technology using water mist, not steam, making for the world's safest fireplace. The result is an appearance so authentic it will be mistaken for a traditional wood-burning fireplace.

Opti-myst® Pro 1500

Opti-myst® Flame Effect

Revolutionary ultrasonic technology produces a fine mist to create the illusion of flames and smoke

Supplemental Heat

Includes an effective fan-forced heater to warm up to 400 sq. ft

Single or Double-sided

Includes removable high-gloss backer panel for easy conversion

GBF1500-PRO
60" Built-In Electric Firebox Kit

Includes the following:

(Ships in 4 cartons)

Accessories (sold separately)

Built-in Thermostat Kit

DTK-SP (Single Pole)
DTK-DP (Double Pole)

Proportional Convector Heaters

Compact Size
Up to 42% smaller in length than conventional baseboards

Economical
Built-in electronic thermostat uses up to 33% less energy than conventional baseboards and thermostats

Thermostat
Built-in CONNEX receiver allows wireless temperature control with optional wall-mounted CONNEX controller

Workshop Heaters

CUH
- Powerful heat output up to 5000W (240V)
- Adjustable louvers direct warm air where needed
- Built-in single-pole thermostat for accurate temperature control
- Thermal overheat protection stops heater from running if it gets too hot

DGWH & DCH
- 300 CFM delivers powerful heat output
- Thermal overheat protection stops heater from running if it gets too hot
- Includes 6 foot cord with NEMA standard plug (6-30P)
- Stainless steel tubular element

CADET

Cadet delivers sensible design and efficiency to help you create a comfortable and inviting home environment at a value all can appreciate. We are known for our trusted products that are made in America and built to last.
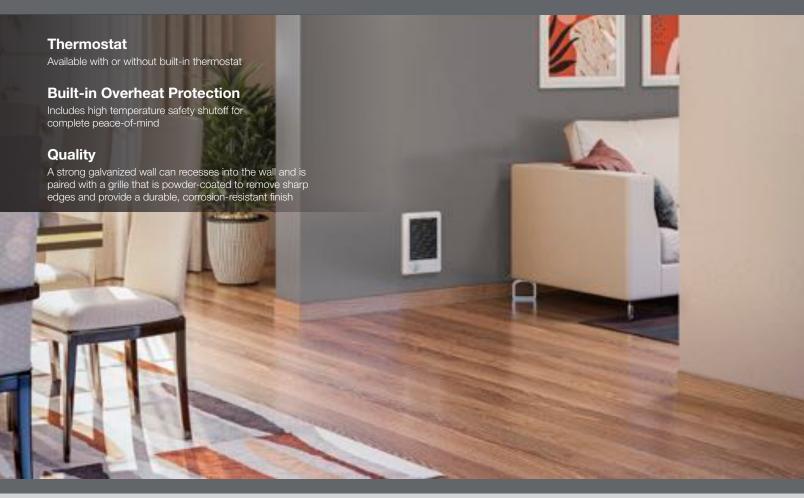

Cadet offers both primary heating sources and complementary products that support a central heating system, letting you easily add warmth and temperature control to any space. Our heaters are perfect for warming those stubborn chilly rooms, like the finished basement, garage, winter cabin or sunroom.

Whether your next project is a replacement heater, remodel, new addition or newly built home, Cadet heating solutions are perfect for keeping you and your family warm, safe and comfortable.

Com-Pak Series

Thermostat
Available with or without built-in thermostat

Built-in Overheat Protection
Includes high temperature safety shutoff for complete peace-of-mind

Quality
A strong galvanized wall can recesses into the wall and is paired with a grille that is powder-coated to remove sharp edges and provide a durable, corrosion-resistant finish

Proudly Australian, Nectre wood-fired ovens are designed and manufactured with more than 40 years of knowledge and expertise in the wood heating business. We take pride in the quality and integrity of our products and continue to find new production techniques to produce the best technology and design.

At Nectre, we develop the next generation of efficient, low emission wood heaters. We keep steadily improving our stove designs as well as production techniques with steel - now laser cut and manufactured with state-of-the-art robotic welding technology. The result is products that are built to perform at the highest standards, yet ultimately meet the most important criteria: providing people with warmth and home comfort.

N65 Wood Stove

Stylish and Powerful
High heat output and European design make the N65 the perfect blend of form and function

EPA Certified
Meets Environmental Protection Agency's 2020 New Source Performance Standards

Quality
Steel baffle with steel brick retainer and firebrick lining to improve thermal mass

N65 Wood Stove

Product Dimensions (WxHxD)
