smart panels

the 2024 Collection

Create a real impression with your interior walls, ceilings and floors...

Introduction

Beautiful, high resolution designs that bring impressive style to your interior walls & ceilings...

smart panels

658 Foreta page: 17

This collection represents the very best that leading UK panel manufacturers and designers have to offer. There are panels that could be used on any internal wall including being the inspiration for a beautiful bathroom or a feature in a living or bedroom area. From the ultra modern to the timeless traditional, there are options to suit any design preference.

- Quick and easy to install
- Can be fitted over old wall tiles
- Hard wearing
- Waterproof
- Exciting and luxurious 'grout-free' tile designs
- Simple and easy to clean

We highly recommend a visit to our showroom... it will help you choose the right panel to suit your space...

HALLWAY

Skirting & *Architrave*

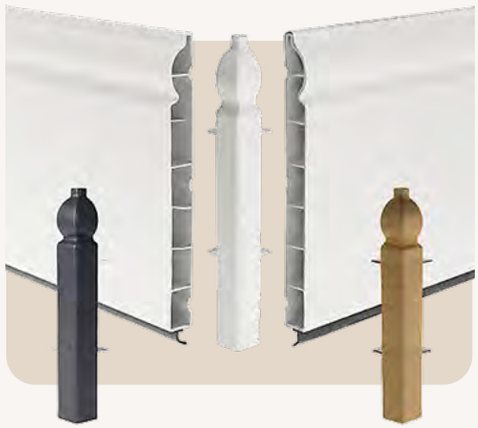
No more time-consuming sanding, priming or painting. Save time and money on installation whilst ending up with a better look that outlasts the traditional wooden alternatives. For real ease of fitting our Smart Skirting range comes with internal and external corners so no need to mitre!

Sm**art** Skirting

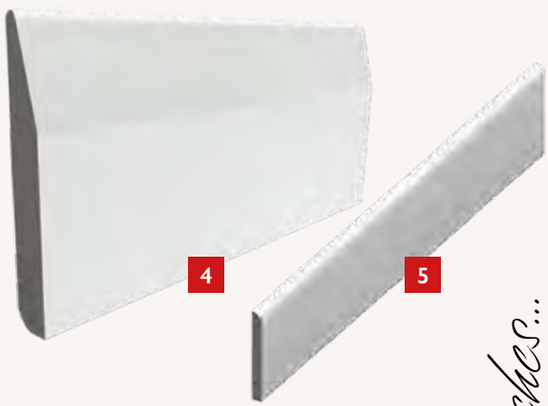
Architrave:
60mm wide x 15mm deep x 5.5m long

Skirting:
All skirting boards are 100 or 150mm tall x 15mm deep and 5m long, with dedicated internal and external colour matched corner joints.

Available in Ogee or Chamfered styles:
The Smart Skirting range comes with internal and external corners to make fitting easy.



Traditional White Range



1. 17mm thick with decorative top available in 125mm height (skirting) and 70mm width (architrave)
2. 12mm thick with decorative top available in 95mm height
3. 12mm thick with half rounded edge available in 45mm and 70mm heights
4. 9mm thick reversible with chamfered or half rounded edge available in 65mm height
5. 6mm thick with half rounded edge available in 45mm, 70mm and 95mm heights
6. 9mm thick reversible with 2 decorative tops available in 125mm height

Finishing touches...

Click flooring

Flagstone size:
5x303x610mm

Pack size:

PALIO TRADE
by Karndean

LUXURY VINYL FLOORING DESIGNED FOR THE TRADE TO FIT

Palio Core is designed for quick and easy installation over uneven sub-floors. Using a familiar patented click-locking mechanism combined with a rigid core LVT construction Palio Core allows you to create an authentic, luxurious feel in no time at all, even when installing over existing floors such as ceramic tiles or wooden planks.

With a pre-attached acoustic foam backing, Palio Core reduces noise transfer to rooms below by 19dB, making it perfect for installing in multi-level properties.

PALIO TRADE

by Karndean

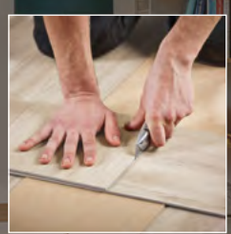
LUXURY VINYL FLOORING DESIGNED FOR THE TRADE TO FIT

Nisida
Tile

Palio LooseLay

Palio LooseLay has a friction grip backing that is designed to secure the product in place using a combination of weight and friction. If a plank or tile gets damaged, you can easily replace it without taking the whole floor up.*

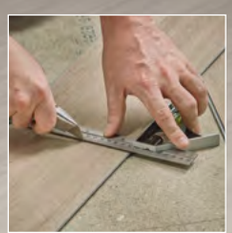
- Friction grip backing
- Quick and easy to install
- No expansion gap required
- Easy to replace
- Reduces impact noise transfer by 13db

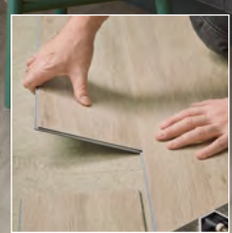


Palio Rigid

Palio Rigid combines a 2G™ click-locking mechanism with a rigid core construction which provides more robustness on uneven sub-floors. With its acoustic foam backing, it can reduce noise transfer to rooms below by 19dB and there is no need for additional underlay.

- Patented click-locking mechanism
- Quick and easy to install
- No underlay required
- No need for adhesive
- Installs over most existing hard floors
- Reduces impact noise transfer by 19db





Bridgeport
Plank

** For rooms larger than 16m², tackifier is required. Please refer to palioflooring.com for installation guidelines.*

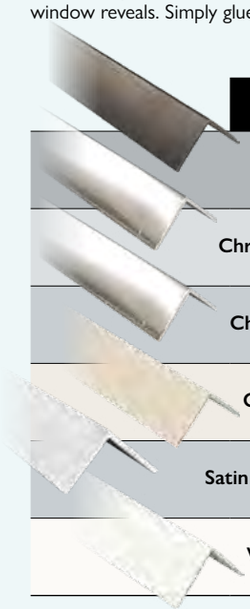
Overbead angles

Ideal for any external corners including going around window reveals. Simply glue over the top of the panels.



Colour/ Type	Trim No	Size (mm)
Black PVC	740	25x2600
Chrome Metal	741	20x2400
Chrome PVC	742	25x2600
Cream PVC	743	25x2600
Satin Silver PVC	744	25x2600
White PVC	745	25x2600

Want to cover an internal corner or recess corner with a simple overbead? Use our chrome quadrant trim or ask about our white, black or woodgrain quadrants.

Chrome PVC	720	15x2600

Prime PVC Trim Range:

A straighforward range of 2.6m long trims in various colours to complete a panel installation. Start/end trims are used at the beginning and end of runs and can also be used in internal corners however there is also a specific internal corner trim if that is preferred. H joints allow end to end fitting for rooms taller than a full panel. For external corners use our overbead angle trims.

PVC Trim Range	Black	Chrome	Cream	Satin Silver	White
Start/End	640	641	642	643	644
Internal Corner	670	671	672	673	674
H Joint	640	640	640	✘	640

Studio Trim Range:

A straighforward range of 2.6m long trims in various colours to complete a panel installation. Start/end trims are used at the beginning and end of runs and can also be used in internal corners however there is also a specific internal corner trim if that is preferred. For external corners use our overbead angle trims.
