Charging Your Headphones

1. The included USB charging cable has a Micro USB plug and standard USB plug.

2. Insert the USB charging cable's Micro USB plug into the charging port on your headphones.

3. Insert the USB charging cable's standard USB plug into the USB ports of a computer or suitable USB charging adapter.

4. The LED indicator light turns red while the headphones are charging. It turns blue once charging is complete.

- (RED) = Charging
- (BLUE) = Charging Complete

Charging takes 1-2 hours. Unplug when charging is complete.

Important: To avoid a complete discharge of the battery, charge your headphones at least once every three months.
