

AFFINITY DIAMONDS

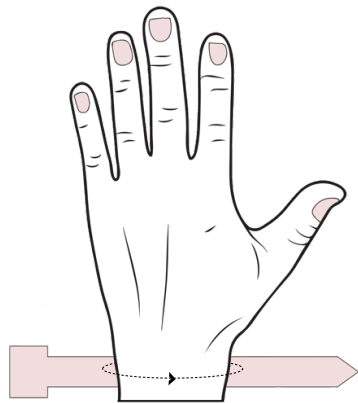

Bracelet Size Guide

Before measuring your wrist size, you must print this size guide in A4 size and scaled to 100%. You can check the accuracy of your print by placing a credit card against the line below. Once your card lines up, you're ready to start measuring.

Measure your wrist with the Affinity Diamonds Ruler

1. Cut out the Affinity Diamonds ruler.
2. Make a slit on the 'cut along line' area.
3. Feed the end of the ruler through the slit to create a loop.
4. Place your hand through the loop and position at your wrist.
5. Measure the circumference of your wrist. Ensure the ruler is flush against your skin.
6. The number that lines up along slit is your wrist size in cm.

SIZE	WRIST MEASUREMENTS
