

AFFINITY DIAMONDS

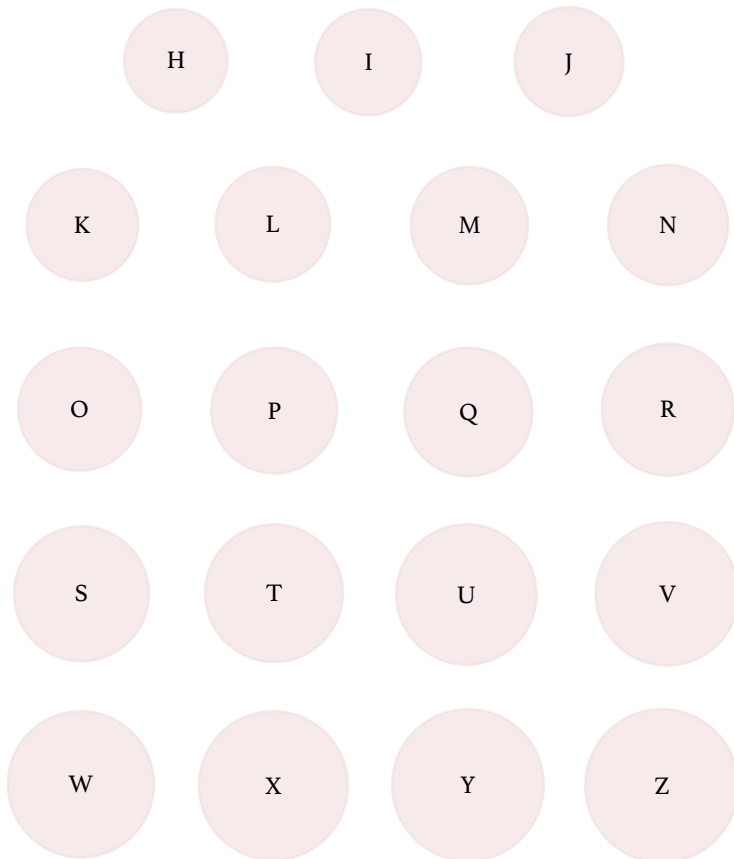

Ring Size Guide

Before measuring your ring size, you must print this size guide in A4 size and scaled to 100%. You can check the accuracy of your print by placing a credit card against the line below. Once your card lines up, you're ready to start measuring.

Option 1: Match your Ring

Take an existing ring that fits your finger comfortably. Place the ring on the ring size below, ensuring that you match the inside of the ring with one of the circles below. Once your ring has been placed on the correct size, you should see only the pink circle, with no white space. If you fall in between sizes, always opt for the larger size.

Option 2: Measure your Finger with the Affinity Diamond Ruler

Once you have cut out the ruler above, make a slit on the 'cut along line' area. Feed the end of the ruler through the slit to create a loop. Place your finger through the loop and place it at the base of your finger. To ensure your ring fits comfortably, also measure your knuckle. Select a size that is comfortably to place on and off.

Ring size may vary slightly depending on the design and thickness of the ring.

Diameter (mm)	UK/AUS	US	Diameter (mm)	UK/AUS	US	Diameter (mm)	UK/AUS	US	Diameter (mm)	UK/AUS	US
14.82	H		16.5	M	6	18.6	R	8.5	20.7	W	11
