TO INSURE YOUR SAFETY AND THE SAFETY OF OTHERS AND AVOID PROPERTY DAMAGE OR LOSS, PLEASE PAY CLOSE ATTENTION TO ALL INSTRUCTIONS, WARNINGS, CAUTIONS AND NOTES REGARDING THE USE AND CARE OF THIS PRODUCT

STEP 1: Remove the rear seats by pulling the lever behind the harness hole cut outs. This will remove the top of the seat. Next you need to remove the cushion. Remove the 6 torx screws from each seat identified in (figure 1). Depending on your model you may have to remove a c clip for the models that have the folding seat. Once the bottom cushion is removed, remove the cushion from the seat bracket identified in (figure 2) by removing the 6 torx screws.
