

OUR STORY

Junction 35 Spirits is the first full distillery and restaurant in the state of Tennessee. The name "Junction 35 Spirits" pays homage to the railroad workers who helped build this great nation. We believe in the same work ethic and dedication to quality that these workers embodied.

That's why we're committed to providing our customers with the very best food, drinks, and service. We specialize in a range of spirits and our craft cocktails in the bar exclusively feature Junction 35's premium spirits.

Our beer list features local, regional, and national favorites. From our gourmet smash burgers to our smoked wings, our food is made to deliver like an express train and delights even the most discerning palates.

We have a motto at Junction 35, to Drink - Dine - Distill, by that we mean: Drink responsibly - Dine well - Distill the very best spirits around.

OUR DISTILLER

Jake McGinnis, our master distiller, started making alcohol with his grandfather when he was just five years old. His great-grandfather always said, "There's selling liquor, and there's drinking liquor. And what we make is drinking liquor. If we get to sell a little bit of it, great. If we don't, we get to drink it!" An adage he takes to heart in his work to this day.

Jake's passion for his craft shines through in every spirit he makes. His creativity and expertise have brought us flavors that are unlike anything you'll find anywhere else.
