

Model: ISB-53L & ISB-53WH Inside Speakers

Install in IR-3 speaker frame. For use with
NuTone Model IMA-516 intercom system.

1. IR-3 frame and speaker wire (NuTone IW-6, 3- twisted pair cable) should be previously installed.
2. Connect wires from amplifier to the six screws shown. (Figure 1) Red wire to terminal marked Red, Red/White wire to terminal marked Red/White and so on.
3. Install speaker assembly; carefully place excess wire behind IR-3 frame with two mounting screws. (Figure 2)
4. For surface mounting, use Model IA-15 Surface Mounting Frame.

See Owner's Manual packaged with IMA-516 Amplifier for operating instructions and warranty information. If Owner's Manual has been misplaced, write to NuTone's Department of Consumer Relations at the address below.
