

AFTERCARE INSTRUCTIONS

LASH LIFT

Yay, you got fabulous eyelashes! How to keep them in perfect shape till your next appointment? Follow these aftercare instructions:

- Do not apply makeup or receive any other eye treatments for 24 hours after your treatment.
- Avoid rubbing and touching eyes. Do not touch them!
- Avoid contact with water, moisture, or hot temperatures for 24 hours.
- Avoid putting contact lenses back in for 24 hours.
- Avoid swimming/sauna for 24 hours.
- Use Supercilium Nourishing Aftercare Balm to nourish your new lashes.
- Comb the lashes upward using a spoolie.
- Sleep on your back for up to 2 days after treatment to prevent the lashes from being squashed by the pillow.
- If any stinging or swelling occurs, apply a cold, dampened cotton pad, cold compress, or cooling spray to soothe. If the condition persists, seek medical advice and let your beautician know so they can put it on your record.

TODAY IS A LASH DAY.
