

## Key Features

- Builtin Full HD webcam and microphone
- Adjustable vertical angles for greater frame control
- Webcam slide cover ensures total security and privacy
- Ergonomic flexibility with quick release stand
- Dual frontfacing speakers

## Product Description

The ViewSonic VG2440V is a 24" Full HD video conferencing monitor designed to deliver out-of-the-box video conferencing and high-quality live streaming capability. The built-in Full HD webcam allows you to easily adjust the vertical angles to better frame yourself during VC calls and create more engaging content through varied camera angles, while the easy-to-use cover slide ensures total privacy and security when not in use. Providing the full spectrum of ergonomic flexibility, the VG2440V can tilt, swivel, pivot, and height adjust to adapt to any setup or workflow, and the exceptional inbuilt microphones and dual front-facing speakers ensure you can hear and be heard with absolute clarity and professionalism. Combined with the vDisplay Manager productivity software for efficient multi-tasking and streamlined on-screen display control, the VG2440V is the complete solution for anybody looking for a professional live streaming or video communication experience.
