Calgary, AB: Today, [Midnight & Two Inc.](#) (“Midnight & Two”, or “The Company”), a manufacturer and wholesaler of luxury grooming products for men, announced they have expanded their product offering through the release of a unique [After Shave Balm](#). The proprietary formula of natural ingredients, including 100% essential oils, absorbs quickly into the skin without leaving an oily residue or feeling. The After Shave Balm is designed to eliminate shave-related irritation, as well as repair damage and protect the skin throughout the day. This flexible product can also be used as a daily facial moisturizer.

In regards to the new release, Tim Gutwald commented “our formula took months and hundreds of hours to perfect. It is unique in the market in that it contains no alcohol which can be very drying and damaging to the skin. In replacement, our proprietary blend includes Aloe Vera and Witch Hazel. These ingredients are key to preventing shave related irritation. Combined with high quality oils, such as Argan and Hemp, the After Shave Balm provides the perfect balance between prevention and rejuvenation.”
