"Relish Gourmet has provided us with outstanding service on many occasions. Each hamper we have ordered has been beautifully presented and arranged for quick collections (within 24 hour turnarounds). The team at Relish are always extremely pleasant and eager to help, often customising items for our orders.

The recipients of the hampers we have purchased are always 'wowed' by the products included and presentation. We can't thank them enough for their help and highly recommend their beautiful hampers."

"I have been ordering hampers from Relish Gourmet for over a year now, and I can't thank them enough for their service. The order process is easy, they are reliable, efficient, and a wonderful business to deal with. Our candidates across Australia are always thrilled with the hampers received. Whenever I send an order to be sent out to our client's site, the team at Relish always ensures that the address is correct. There was a time that I accidentally gave them an incorrect address, and thankfully, the team did their google search & queried it with me to double check- it was fixed before they sent out the hamper. In addition to this, Relish Gourmet are always happy to cater and meet their client's needs. For example, the hampers that I order for our candidates are personalised. Would highly recommend using Relish Gourmet for all your hamper needs."
