

OZARKÉ

INSTRUCTION MANUAL

OZARKÉ

Thank you for shopping with Ozarké, we really appreciate your business. Our goal is to provide an excellent customer service before, during and after delivery. We've included a guide on how to install this light, should you require additional assistance please feel free to email us at info@ozarke.com and one of our customer service reps will reach out to assist you.

Before you get started:

When working with electrical wiring, follow these safety instructions to prevent injury or damage:

1. Turn off the power: Before starting any work, turn off the power to the area you will be working in.
2. Use appropriate tools: Only use tools designed for electrical work and in good condition.
3. Wear protective gear: Wear safety glasses, gloves, and other protective gear as necessary.
4. Test for power: Use a non-contact voltage tester to check for electrical current before touching any wires.
5. Avoid wet conditions: Do not work with electrical wiring in wet or damp conditions.
6. Keep a safe distance: Stay away from exposed wires or electrical components.
7. Seek professional help: Consult a qualified electrician if you are unsure about any aspect of electrical wiring or encounter any problems.

WARNING!

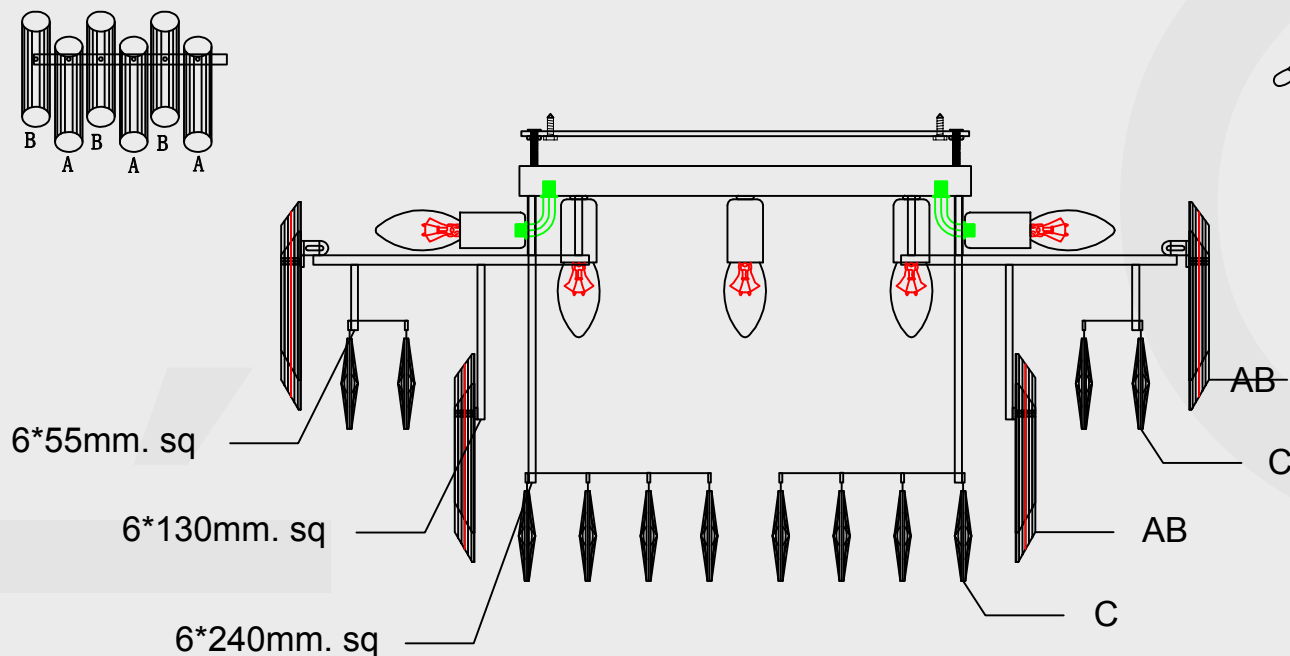

1. Do not use the power supply beyond the specified range (100-240V,50Hz).
2. Avoid scratching the surface and wires of the lamp during installation.
3. Do not install the lamp outdoors.
4. The lamp should not be close to corrosive chemical objects or gases.
It should not be washed with water. It can only be wiped with a clean soft cloth.

Installation Instructions

Model: 89411

Specifications: 800*H360

17/L

Instructions

Crystal Type and Parameters

A	36*150 MultiSurface upper hole with dipped finish  Smoke gray	47pcs
B	36*150 MultiSurface Middle hole with dipped finish  Smoke gray	47pcs
C	76*30 Roundhead MultiSurface single h  Clear color	181pcs

1. Before installation, please make sure to first test the lighting electricity. Pay close attention to the battery's positive and negative poles to avoid rework due to incorrect installation of the wiring.
2. Lamps and lanterns should be installed after the ceiling is in place. Please try to hang the crystals once more after ensuring everything is in order, and then proceed to hang the crystals.

1. This lamp is compatible with 110-220V power supply.
2. When installing, please wear gloves.
3. Please refrain from installing on a damp ceiling.
4. When cleaning, please disconnect the power supply.
5. Use the cleaning agent for cleaning.
6. Please install according to the company's specifications.
7. Ensure that a professional electrician handles the installation.
