

OZARKÉ

INSTRUCTION MANUAL

OZARKÉ

Thank you for shopping with Ozarké, we really appreciate your business. Our goal is to provide an excellent customer service before, during and after delivery. We've included a guide on how to install this light, should you require additional assistance please feel free to email us at info@ozarke.com and one of our customer service reps will reach out to assist you.

Before you get started:

When working with electrical wiring, follow these safety instructions to prevent injury or damage:

1. Turn off the power: Before starting any work, turn off the power to the area you will be working in.
2. Use appropriate tools: Only use tools designed for electrical work and in good condition.
3. Wear protective gear: Wear safety glasses, gloves, and other protective gear as necessary.
4. Test for power: Use a non-contact voltage tester to check for electrical current before touching any wires.
5. Avoid wet conditions: Do not work with electrical wiring in wet or damp conditions.
6. Keep a safe distance: Stay away from exposed wires or electrical components.
7. Seek professional help: Consult a qualified electrician if you are unsure about any aspect of electrical wiring or encounter any problems.

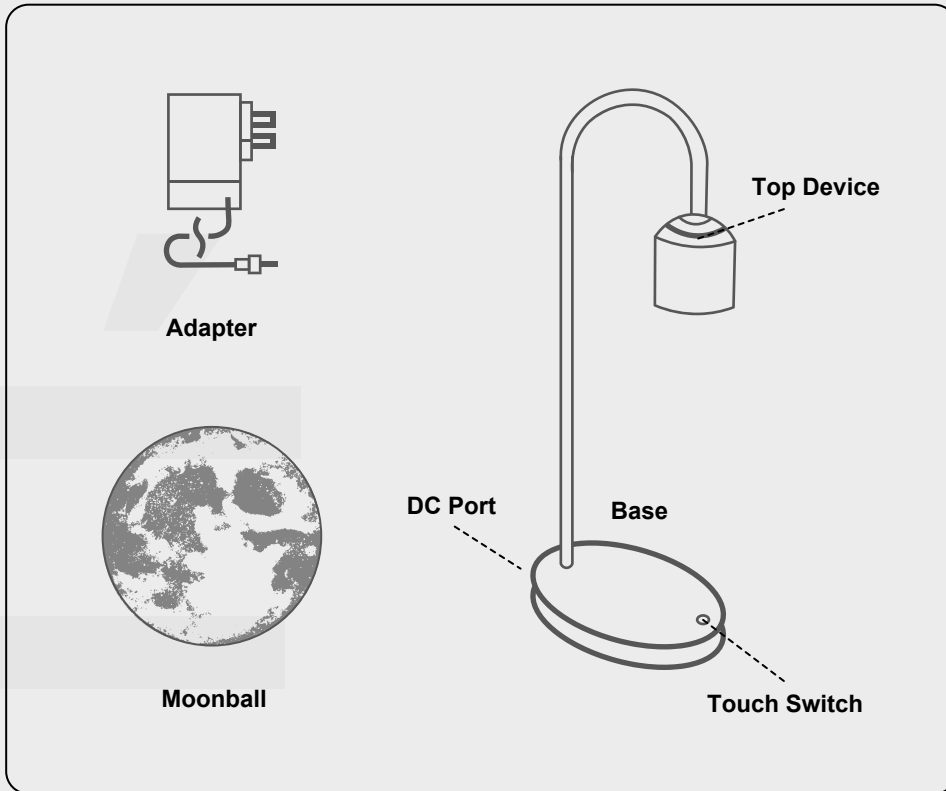

WARNING!

1. Do not use the power supply beyond the specified range (100-240V,50Hz).
2. Avoid scratching the surface and wires of the lamp during installation.
3. Do not install the lamp outdoors.
4. The lamp should not be close to corrosive chemical objects or gases.
It should not be washed with water. It can only be wiped with a clean soft cloth.

Assembly Inventory

Thank you for purchasing the Gleagle Levitating Moon Lamp. Please make sure to read the instructions carefully, as the manual contains important safety information and instructions on how to operate it correctly to prevent accidents.

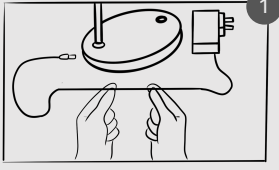

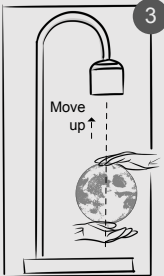

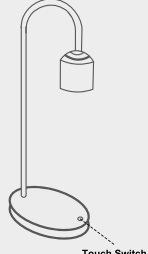

What's in the box:

- ① Base x 1
- ② Adapter x 1
- ③ Moon Ball x 1
- ④ User manual x 1

SAFETY INSTRUCTIONS

1. Before using the product, please ensure that you remove all metallic items from your hands and the surrounding area.
2. This lamp is designed for indoor use only and should be used in areas where the ambient temperature falls within the range of $-5^{\circ}\text{C}/22^{\circ}\text{F}$ to $35^{\circ}\text{C}/95^{\circ}\text{F}$.
3. Do not expose the product to moisture or use it in wet environments. If the product comes into contact with liquid, turn it off immediately.
4. The product base should be positioned on a flat surface. Avoid placing it on surfaces or materials that are influenced by magnets, such as iron, metals, or other magnetic items, as they may disrupt the product's operation.

Installation Instructions

1		Place the base on a flat surface. Connect the cable to the DC port of the base, and plug the adapter into your outlet (100-240VAC).
2		Hold the moon with both of your hands.
3		Keep the side with the magnet facing upward. Move the ball upward, and when it's approximately 0.6 inches from the base, you'll feel a magnetic force locking the ball. At that point, gently release your hand.
4		Touch the ON/OFF control on the base to turn the Moon Lamp ON/OFF. If it floats – Congratulations! You have mastered it.

OPTIONAL WIRELESS CHARGING

If your lamp has wireless charging capability, place your phone on the base marked with the wireless symbol, and your phone will start charging. If charging fails, try adjusting the position of your phone. Please note that this feature is compatible with phones that have wireless charging functionality only.
