OZARKÉ

INSTRUCTION MANUAL

OZARKÉ

Thank you for shopping with Ozarké, we really appreciate your business. Our goal is to provide an excellent customer service before, during and after delivery. We've included a guide on how to install this light, should you require additional assistance please feel free to email us at info@ozarke.com and one of our customer service reps will reach out to assist you.

Before you get started:

Turn off electrical power to the fixture at the electrical panel. Use the appropriate voltage tester to ensure no power is present at the fixture before you begin work. Do not rely on a wall switch to protect you from electrical shock. Installation requires an experienced electrician.
Assembly Inventory:
Please check the assembly inventory. If you find anything missing reach out to our customer service team

Installation Instructions

Step 1:

Use a pencil or a pen to mark the drilling position. You can use the hanging bracket to mark the position of the light. It is very important to ensure you account for the wiring position on your wall or ceiling.

Step 2:
Using a drill, drill holes into the wall where you marked in step 1.

Step 3:
Insert drywall anchors into each hole. Don't damage or force the anchor in the hole. If the hole is small, try to make the hole(s) bigger.

Step 4:

Screw the hanging bracket to the wall using a screw driver. Don't attach the lamp. This step to be completed after wiring.
