Remote Control Instructions

Remote Control Battery Type: AAA batteries

Please note the following:

All remotes should already be connected. However, if the light is not responding to the remote, please use the following steps to sync the remote with the light. The lamp doesn't have an auxiliary light function; you may ignore this button on the remote control.

1. To connect the remote with the lamp within 5 seconds after the lamp is powered on, press and hold the 'Connect' button or press the 'Connect' button 5 consecutive times until the lamp flashes. This indicates that the remote is now connected to the light.
2. To disconnect the remote, within 5 seconds after the lamp is powered on, press and hold the 'Connect' button for 5 seconds to disconnect the remote. This step is only needed if the remote is not functioning properly. Repeat step 1 to reconnect again."
