

Lycon precision waxingTM

COMPANY

LYCON was established in Australia in 1978, by internationally acclaimed beauty therapist Lydia Jordane. Today, LYCON waxes enjoy a well deserved reputation as the Crème de la Crème of hair removal waxes and is the wax of choice in the top spas and salons in over 65 countries. This reputation and recognition is built on LYCON's philosophy of unsurpassed product quality, performance and professional integrity.

Beauty professionals use LYCON with confidence and achieve completely hair-free results for all types of hair growth, everytime. LYCON's array of quality waxes in exciting colours and scents, allows professionals to tailor the best waxing combination to suit their salon for total customer satisfaction.

Formulated with the finest natural resins, pure bees wax and sensuous aromatherapy, LYCON delivers superior results, removing stubborn hair as short as 1mm. At the same time, LYCON low temperature, super pliable and gentle waxes, provide a nurturing and skin conditioning treatment for extra client comfort, on even the most sensitive skins.

The LYCON Precision Waxing range consists of hot waxes, strip waxes,

LYDIA JORDANE

LYCON's unique Lycojet, LYCOtec and the decadent LYCOdream Hybrid Hot Wax, complemented with harmonising PrePost waxing lotions and essential salon accessories.

In addition, LYCONspa Essentials provides corrective solutions and indulgent treatments for home use and offers luxurious blends for salon and home use.

LYCON's superior product range continually redefines global waxing standards and it is no wonder LYCON is sought after by celebrities and those 'in the know' across six continents!

LYCON HOT WAXES

LYCON's world famous stripless hot waxes shrik-wrap and remove short, stubborn hair as short as 1mm on the face and body. Virtually pain-free, LYCON hot waxes contain the finest blends of natural and synthetic resins, plus calming aromatherapy, including LYCON's unique Titanium Dioxide technology to nurture the skin, leaving it feeling soft, smooth and completely hair-free. Used at an extra low temperature, LYCON hot waxes can be re-applied 5-6 times on just waxed skin without discomfort or irritation. They can also be re-heated many times over without affecting their superior grip, pliability or comfortable feel. LYCON hot waxes are the professional's ideal companion for perfect Brazilian waxing!
