**TRINITY**<sup>™</sup>  
COLOR BONDING TREATMENT

Trinity bond building complex is naturally acidic. Amaranth and Rice Protein are delivered with Babassu Oil while Moringa Oil provides long term color protection with 40+ antioxidants, 10 vitamins, 18 minerals and 18 amino acids. Rice Protein naturally seals the cuticle providing strength, shine and color longevity. Amaranth known as the never fading flower naturally rebuilds protein bonds while binding color to the hair.
