

How to Find Us

Here are some handy instructions so you can find us. Unfortunately Google's map of how to find us is all up the wazoo and the signage around here is pretty dismal, so please follow these instructions.

1. Our official address is Site 30, Whakatu Industrial Park, Whakatu 4180. We would recommend putting 'Johnston Way' into your maps, then follow the instructions below.
2. Drive along Johnston Way, you will go past Bidfood on your left.
3. Go through the gates going into Whakatu Industrial Park. Ignore the red light at the gates.

4. Keep driving past Milk Kitchen on your left.
5. Turn down East Road, which is the first road on your right. There is an orange wind sock on the corner where you need to turn right.

6. Keep driving straight past the big Lineage warehouse on your left, then the car park to you left.
7. The white building in front of you with 'Meateor' logo on it is the back of The New Zealand Casings Co building. You should see our logo.
8. Turn left after the carpark and hug the building to your right (Matheson Fabrication). Keep hugging this building with it on your right. Keep driving around and you will see the front of our office building.

WELCOME, COME ON IN....
