The Season Finale

2012 girl's holiday gift guide

The way to a woman's heart is through her backlogged DVR. Honor her marathon-viewing habits.

Downton Abbey

Like Lady Grantham would ever set foot (or cane) in the kitchen. Bequeath your countless premade dinners from Acton-based [Blackbird Savory Pies](#). Beryl loyalists will cluck appreciatively over the ready-to-cook deliveries from [Plated](#).

Game of Thrones

Get medieval on her ass with Lauren Passenti's Gothic [claw pendants](#), available at holiday pop-up [Artistry](#) (open through December 24). Your favorite Daenerys will happily gnaw her way through a year of charcuterie via Farmstead's [Meat Club](#).

True Blood

Mom became a late-entry Trubie and promptly developed a serious silver phobia. Newly opened [Impulse by Adamas Fine Jewelry](#) stocks bracelets, hoop earrings, and bar necklaces in white, yellow, and rose gold. Warm her cold-blooded self with a recycled cotton throw from [Fabricadabra](#).

Homeland

Your roomie has a rogue sense of style (though she denies it up and down). Investigate [Whats-Nü](#) for right-turn designs — reworked cashmere sweaters, recycled T-shirt jewelry — from local indie designers. The [surreal animal-print leggings](#) from Bark Decor further betray her aberrant fashion sense.

Girls

Encourage relentless self-examination with an [Estée Lauder zodiac powder compact](#) in her sign. [Hannah Blount](#)'s new [Herkimer](#) collection incorporates diamond-like quartz crystal to glam, accessible effect.

Mad Men

Months later, she's still obsessing over Megan's groovy Howard Johnson's outfit. Increase the love with a Jill Rosenwald [chevron lamp](#), available in exclusive colors at [Twelve Chairs](#). Come happy hour (a.k.a. 10 a.m.), she'll dig the [Boston street-map glasses](#) and [carafe](#) from TheUncommonGreen, available at [The Boston Shaker](#).

The Walking Dead

Back-to-back deadlines have rendered your boss a complete zombie. Revive her with Dead Sea-derived skin rejuvenators (she'll kill for the [facial peel](#)) at newly opened [Arianna Skin Care](#) (151 Tremont Street, Downtown Crossing). Lest looters nab her stash, hide it away in an [ikat cosmetic bag](#) from [Patch NYC](#).

Michonne accomplished.
