L-Acoustics

Premium Hospitality Sound Solutions by L-Acoustics

Bring the sound of Coachella into your venue with L-Acoustics

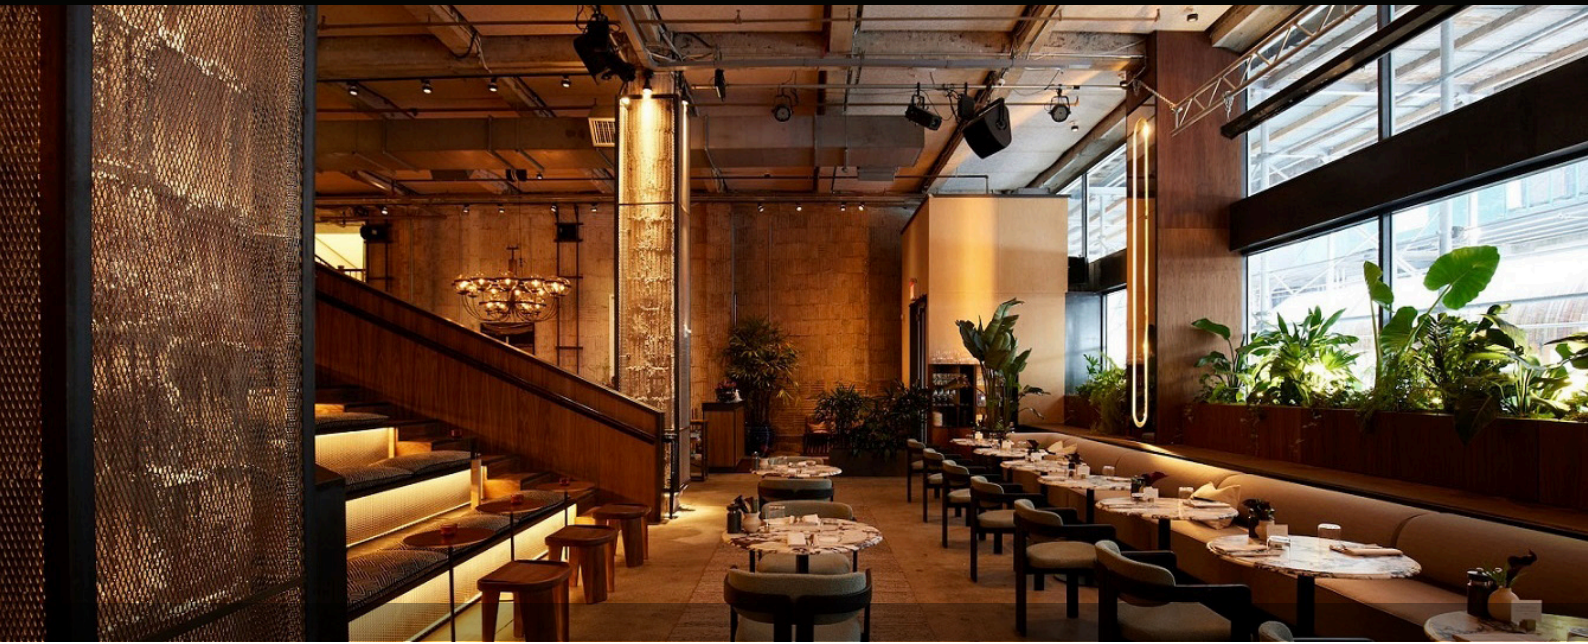

L-Acoustics has been delivering “top of the class” sound for over 30 years. Whether it be a concert featuring the world’s best artists, a memorable music festival, a DJ-set within a nightclub or simply providing a sonic atmosphere within a beautiful bar, L-Acoustics will always make the music sound better. From colour-matched loudspeaker boxes to sound systems that dissolves into the surrounding aesthetics, a sound solution with L-Acoustics is guaranteed to impress your guest.

L-Acoustics continues to stay at the top of their game by providing a certified consultation prior to installation – we support this at Jands.

Important note: *To ensure optimised sound reinforcement, power efficiency and most importantly loudspeaker protection it is essential that all L-Acoustics loudspeakers be amplified using L-Acoustics proprietary amplified controllers. With the recommended eco-system, L-Acoustics offers a comprehensive 5-year warranty on all components.*
