Simply press the dough together to make a ball (you may need another T. of water). Once you add the water, the more you mix, the tougher the crust will be!!! Roll 1/2 the dough into a 9" circle on a well-floured board. Roll up (like rolling up a napkin) on the rolling pin and unroll into a pie pan, trim edges w/ knife. Use other 1/2 of dough to roll out for top crust or another pie shell
