# DOCK FURNITURE

SIT BACK AND RELAX, IT'S SUMMER

## KASHTON DOCK FURNITURE

OFF-DECK

Our Kashton furniture offers a simple yet versatile design and an all-aluminum construction for a genuinely unique dock furniture experience. The swivel rocker mechanism provides comfort and function in all climates. Choose from five fabric options for furniture that matches your waterfront space's unique style (chairs and umbrella coordinate). Kashton furniture is available as a set (two chairs, table, and umbrella) or individual pieces.

## STANDARD DOCK FURNITURE

OFF-DECK

Our standard Homecrest furniture offers a more economical option without sacrificing quality or comfort. Featuring sloped armrests, premium quality fabric slings, and all-aluminum construction, our Standard Furniture features an ivory frame, beige fabric sling, mesh table, and tan umbrella.

## GRACE AIR DOCK FURNITURE

ON-DECK

ShoreMaster's Grace dock seating features a deep-seated lounge chair's appearance and comfort but in a foam-free, cushion-less construction. The premium Sensation sling fabric dries quickly for low-maintenance comfort that is perfect for the water's edge. Available in two styles (armed or armless) and six fabric options to meet your personal style.

## FIRE TABLE

ON-DECK

ShoreMaster is excited to announce a welcomed addition to any outdoor space – our new dock-mounted fire table. Homecrest Fire Tables are available in a Hickory or White finish; the Dock Fire Table is the perfect complement to any of the ShoreMaster Dock Furniture. Featuring top-quality and, American-made, our Dock Fire Tables are designed to withstand the elements season after season.

# THE INDUSTRY'S MOST DOCK ACCESSORIES

## DOCK LIGHTS

Set your Infinity Dock System aglow in the evening with solar-powered dock lights from ShoreMaster. Mounted directly into the dock leg cap, our Dock Lights are easy to install and offer an attractive and discreet low profile. No tripping, no wasted dock space. A bright solar-powered LED light provides an evening illumination without the hassle of cords or wires.

## WATERSPORTS RACK

Get back on the water faster with the Watersports Rack. Store your paddle board, kayak, or canoe off your dock for easy storage and access to all your watersports accessories. Choose between a single or double rack and attach anywhere along the perimeter of your dock to accommodate your setup and needs.

## DUAL STAND-UP PADDLE BOARD RACK

Maximize your time on the water by securely storing your paddle boards on the dock. Our Stand-Up Paddle Board Rack includes integrated bungee holes for easy buckling and strapping and fast, secure paddle board storage.

## LADDERS & STEPS

Get in and out of the water quickly with ShoreMaster's Pivoting Ladders and Dock Steps. Utilizing the InfinityTrack accessory system, our ladder and dock steps can be mounted anywhere along the dock frame to accommodate your dock and slip setup. A vertical pivoting action and locking pin allow you to flip the ladder up when you're not using it. At the same time, standard handrails on the steps provide safe, stable usage and entry. All-aluminum construction means hassle-free ownership.

## RAMPS/GANGWAYS

ShoreMaster offers high-quality, affordable gangways, ramps, and other dock-to-shore transition products and accessories - all designed to be safe, durable, easy to install, and easy to own. Choose from multiple width and length options and lengths to suit your unique shoreline. Plus, with ShoreMaster's industry-leading line-up of decking choices, your ramp and gangway are sure to look amazing for years to come.

# YOU DESERVE THE MOST OPTIONS

## 10 PREMIUM LOW-MAINTENANCE DECKING OPTIONS

There is no element on any dock system that connects more closely to the dock user than the decking. That's why ShoreMaster offers the most comprehensive range of decking choices in the industry, and ShoreMaster decking is regarded as one of the highest quality decking options available today.

# CHOOSE FROM THE INDUSTRY'S MOST DECKING OPTIONS

## TRADITIONAL WOODGRAIN

Get the beauty of wood without the maintenance, with our Traditional Woodgrain aluminum decking. Powder-coated using an Italian process for a premium, real wood look, our woodgrain aluminum decking gives you a timeless look year after year. Plus, aluminum decking is lighter weight and more substantial than natural wood. It won't rot, twist, warp, or decay, so you'll enjoy maintenance-free, slip-resistant decking that is as comfortable and easy to own as it is beautiful.

## PAINTED ALUMINUM (TAN OR WHITE)

Painted Aluminum is one of the most popular choices. All-aluminum construction means the panels won't rot, warp, twist or decay. Powder-coated paint provides heat- and scratch-resistant surface for years of hassle-free ownership. Plus, each panel features a slip-resistant rib pattern making painted aluminum the perfect combination of performance, durability, and aesthetics.

*\*Plain aluminum available; see shoremaster.com for details*

## GRAY WOODGRAIN

Woodgrain is now available in Gray Oak, for a genuinely unique dock system. Aluminum woodgrain decking offers the beauty of wood without the seasonal maintenance. We utilize an Italian process to apply the powder-coat for a premium, real wood look that will hold up at even the busiest cabins. Plus, aluminum is lighter and stronger than natural wood. It won't rot, twist, warp, or decay, so you'll enjoy maintenance-free, slip-resistant decking that is as easy as it is beautiful.

## PLAIN ALUMINUM

ShoreMaster's plain aluminum decking provides a low-maintenance, long-lasting options for dock owners looking for an entry-level decking option. Aluminum decking offers premium durability plus its safe, slip-resistant surface provides comfortable usability. Plain aluminum decking is a cost-effective decking solution that won't rot, warp, twist or decay and works on all ShoreMaster Infinity Dock System models.

## GLACIER™ FLOW-THROUGH (TAN OR GRAY)

ShoreMaster's Glacier™ decking features an open flow-through design allowing water, dirt, and debris to easily pass through the deck panels. It dries faster and stays clean longer. ShoreMaster Glacier decking offering a slip-resistant surface that is easy on your feet so you can safely and comfortably enjoy your time on the dock. Plus, its low-maintenance polypropylene composition means your decking won't rot, twist or decay, and you'll enjoy hassle-free ownership season-after-season.

## CEDAR

ShoreMaster's natural cedar wood decking provides a cost-effective, real wood option for decking your dock system. Plus, nothing feels better on your bare feet than the soft, natural beauty of cedar decking. Requiring minimal, seasonal maintenance cedar wood decking provides a natural aesthetic that will look great for seasons to come.

## VERTEX™ (TAN OR GRAY)

ShoreMaster's exclusive Vertex™ decking offers a genuinely unique decking experience. The ultimate in form and function, our Vertex decking features a natural flagstone pattern that provides superior aesthetic appeal and is our most slip-resistance surface. Low-maintenance polypropylene composition means hassle-free ownership as your decking won't rot, twist or decay.

### SHOREMASTER DOCK SYSTEMS FEATURE REMOVABLE, RECESSED DECKING PANELS, BUT WHY?

We build the strength of our dock systems into the frame sections themselves. We don't rely on the decking attachment to provide the system its strength. Second, it's better for the owners of our systems. It provides options and makes installation, removal, upkeep and upgrades much easier.

Light, Easy Installation/Removal • Update Opportunities • Repairs to Single Panel, Not Entire Dock  
Trust That the Integrity and Strength of Your System is Within the Frame Itself

# INFINITY™ DOCK SYSTEMS

## DOCK SYSTEM SOLUTIONS FOR EVERY WATERFRONT

### INFINITY FRAME CONNECTIONS

All Infinity dock models feature the Infinity Dock Connection System, which allows for dock sections to be connected together anywhere along the dock's perimeter using a simple connection bracket and T-handle. Initial installation and seasonal reconfigurability are quick, easy, and hassle-free.

### 5-SIDED DOCK LEG & 18" LEG POCKET

5-Sided Dock legs provide three points of contact (versus two points offered by most other systems) for superior stability and performance. 18" leg pockets allow for maximum adaptability to fluctuating water levels as well as providing unmatched stability and the ability for dock legs to sit flush with the dock surface for an unobstructed dock system.

### PRECISION WELDED CONSTRUCTION

Lightweight aluminum welded construction all provide for the quick, easy installation of your sectional dock system. The Infinity Dock System was developed to be the most versatile, durable, and user-friendly system on the market.

### HOW DO YOU DETERMINE WHAT SIZE BOAT LIFT YOU NEED?

Your boat lift weight capacity is important, and it starts with knowing the dry weight of your boat (which should be provided in your specification sheet). From there, you have to factor in all of the stuff you'll put in your boat! Along with the base dry weight, that includes gas, water storage, equipment (for water sports, etc.), and anything else. Typically, we recommend a 20 percent margin of safety — so always go with a higher capacity lift if you're unsure.

### DIME-WELDED CONSTRUCTION

As the pioneers of the welded aluminum boat lift we have perfected our design to offer superior stability, season after season. Dime-welded construction make ShoreMaster Lifts the most trusted boat lift in the industry as well as the easiest to install and own.

### DURABLE, LOW MAINTENANCE CONSTRUCTION

Everything is designed for years of dependable service: aluminum construction, stainless steel cables, aluminum bunks, stainless steel/brass fasteners. The welded aluminum construction provides superior environmental endurance and eliminates the need for extra nuts and bolts while adding to the strength and stability of the lift.

### HARBORTIME

Our premium fabric option, HarborTime, offers a lighter weight cover option, weighing 11 oz. per square foot. HarborTime is highly water repellent and resistant to mildew and ultraviolet light, making it ideal for a boat lift canopy cover. As an acrylic-coated polyester fabric cover, HarborTime offers premium visual appeal, exceptional abrasion resistance, and superior strength. It is perfectly suited for the harsh marine environment. The fabric is stabilized to ensure a continuous fit season-after-season. Simultaneously, the acrylic coating retains a beautiful soft cloth appearance and provides a longer cover life.

### WEATHERMAX

ShoreMaster's WeatherMax® fabric canopy covers offer superior protection from the elements for your boat. You'll enjoy WeatherMax's ease-of-use when it comes to installation, removal, or storage of the cover because WeatherMax is incredibly lightweight and easy to handle.

### 13OZ VINYL

13oz vinyl canopy covers provide excellent tear, UV, mold, and mildew resistance. Plus, at 13oz, our covers are lighter than the industry standard, providing easier installation and removal without sacrificing the durability or moisture and UV protection that you expect from a premium canopy cover.

Color swatches are printed representations only and should not be used for color matching. See your local ShoreMaster dealer for actual color samples.
