Steps to be taken in case material is released or spilled: Absorb the liquid and scrub area with water

SECTION SEVEN: HANDLING AND STORAGE

For external use only. Maintain the integrity of the original packaging.

Minimum Temp	Maximum Temp	Light Sensitivity	Do not store with
5 Degrees C	30 Degrees C	Store out of direct sunlight	No incompatibilities

SECTION EIGHT: EXPOSURE CONTROLS/PERSONAL PROTECTION

No specific exposure controls are anticipated.

SECTION NINE: PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Clear water-thin liquid
Odour	Mild, characteristic
Physical State	Liquid
Boiling Point (°C)	Appx 100°C (not established)
pH	6.0 – 7.0
Relative Density (g/mL)	0.99 – 1.02

Safety Data Sheet

Lycocil Tint Remover

SECTION TEN: STABILITY AND REACTIVITY

Conditions to Avoid:	Maintain integrity of packaging.
Materials to Avoid:	Not established
Shelf Life:	5 years
Shelf Life after opening:	18 months

SECTION ELEVEN: TOXICOLOGICAL INFORMATION

This product has been formulated for use by trained professionals as a topical cosmetic product. Use of this product as directed on the label is not expected to result in toxic effects.

SECTION TWELVE: ECOLOGICAL INFORMATION

Ingredients used in this product are not known to be direct ecological pollutants. In order to minimise long term global pollution consideration should be given to:

- Reduction in consumption of disposable products and packaging.
- Participation in recycling activities

SECTION THIRTEEN: DISPOSAL CONSIDERATIONS

This product has been manufactured for consumer use. Product is normally wiped off and disposed in bins as part of routine salon hygiene practice. The packaging can be disposed as standard household waste, although sorting and appropriate recycling of packaging materials is encouraged.

SECTION FOURTEEN: TRANSPORT INFORMATION

Road and Rail Transport: Not DG according to ADG

Air Transport: Not DG according to IATA

Sea Transport: Not DG according to IMDG

SECTION FIFTEEN: REGULATORY INFORMATION

This Product is manufactured in Australia, under Australian Law. The following federal regulatory bodies are the source of reference information.

SECTION SIXTEEN: OTHER INFORMATION

Disclaimer

This SDS has been prepared according to Work Safe guidelines and with reference to the best available information at the time of preparation. Since we are unable to control and/or anticipate all conditions under which the product may be used, each user must review this SDS and assess it in the context of their circumstances in order to determine the most appropriate usage and handling procedures for their situation. If clarification or further information is needed to ensure that an appropriate assessment can be made, then the user should contact the manufacturer.

Allergies

There is always a possibility of an individual being allergic to one or several ingredients within a product. A low irritant claim does not infer that susceptible individuals will not react adversely. Allergies are very much a personal condition and do not in any way indicate a fault with the formula or substances involved. Natural substances particularly are vulnerable to seasonal and other variations that may contribute to unanticipated reactions. Unfortunately, often the only remedy in these situations is to ascertain the exact cause of the reaction (typically with professional medical help) and then to avoid all future exposure.

Animal Products

Suitable for vegetarians

Document Revision
